

Hot Dip Galvanized Steel Round Bars In Coil 6-12 Meters Length Q235/S355/G300/ Q259B

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Shape: Round
- Surface Finish: Bright Surface
- Steel Grade: Hot Dip Galvanizing
- Technique: Hot Rolled
- Application: Building Materials, Building
- Surface Treatment: Galvanized
- Grade: Coil
- Material: Steel
- Length: 6-12 Meters
- Product Material: Q235/S355/G300/ Q259B
- Highlight: steel round bars in coil, q235 round steel bar, q235 steel round bars

Product Description

Product Description:

The Hot-dip Zinc Coated Round Steel provides an added layer of protection against rust and corrosion, ensuring that your construction projects remain sturdy and reliable for years to come. This Galvanized Round Steel is highly recommended for outdoor use, as it can withstand harsh weather conditions and resist corrosion.

This Stainless Steel Bar for Constructional use is ideal for creating frames, supports, and other structural elements that require strength and stability. Its round shape allows for easy handling and installation, making it a popular choice among builders and contractors.

The Solid Galvanized Round Steel Bar is available in various sizes and lengths, allowing you to choose the perfect fit for your specific project needs. Its bright surface finish gives it a clean and polished look that can complement any design or aesthetic.

Technical Parameters:

Attribute	Value
Product Name	Galvanized Circular Steel
Steel Grade	Hot Dip Galvanizing
Grade	Coil
Shape	Round
Packing	In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
Length	Customization
Technique	Hot Rolled
Surface Treatment	Galvanized
Type	Carbon Steel Bar
Zinc Coating	200g/m2 - 600g/m2
Description	Solid Galvanized Round Steel Bar, Hot-dip Zinc Coated Round Steel

Applications:

The Galvanized Round Steel product comes in a variety of diameters and lengths, making it customizable to fit specific project needs. It is a solid Galvanized Round Steel Bar that is low hot rolled, which makes it ideal for welding, bending, and cutting. It is a cost-effective solution that can be used in a wide range of applications.

One of the most common applications for Galvanized Round Steel is in construction. It can be used to build structures such as bridges, buildings, and highways. It is also used in the manufacturing of various products such as fences, pipelines, and scaffolding. The versatility of Galvanized Round Steel makes it an essential material for any construction or manufacturing project.

In addition to construction and manufacturing, Galvanized Round Steel is also used in industrial applications. It can be used for the production of machinery, automotive parts, and agricultural equipment. This product is also commonly used in the oil and gas industry for drilling and producing wells.

Packing and Shipping:

Product Packaging:

Our Galvanized Round Steel product comes with a protective coating to prevent rusting during transportation and storage. It is then packed in sturdy cardboard boxes to ensure safe delivery to your doorstep.

Shipping:

We offer worldwide shipping for our Galvanized Round Steel product. Our standard shipping option takes 7-14 business days to arrive, while our express shipping takes 3-5 business days. Shipping costs will be calculated at checkout based on your location and preferred shipping method.

FAQ:

Q: What is the place of origin for the Galvanized Round Steel product?

A: The Galvanized Round Steel product is manufactured in Hebei, China.

Q: Is the Galvanized Round Steel product certified?

A: Yes, the Galvanized Round Steel product is certified with ISO9001.

Q: What is the minimum order quantity for the Galvanized Round Steel product?

A: The minimum order quantity for the Galvanized Round Steel product is negotiable.

Q: What is the price of the Galvanized Round Steel product?

A: The price of the Galvanized Round Steel product is negotiable.

Q: What are the packaging details for the Galvanized Round Steel product?

A: The packaging details for the Galvanized Round Steel product are according to customer needs.

Q: What is the delivery time for the Galvanized Round Steel product?

A: The delivery time for the Galvanized Round Steel product is 15-30 work days.

Q: What are the payment terms for the Galvanized Round Steel product?

A: The payment terms for the Galvanized Round Steel product are TT.
