

Non Alloy Black Cold Rolled Galvanized Flat Steel Galvanized Flat Steel

Our Product Introduction

for more products please visit us on galvmetal.com

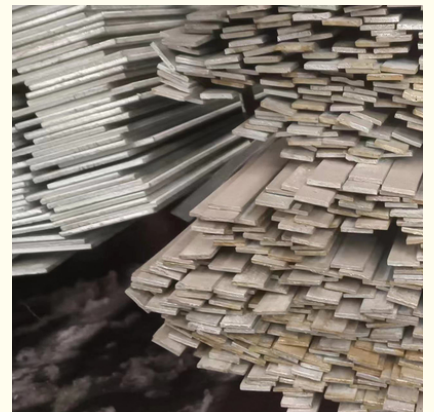

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Width: 12-300mm
- Tolerance: $\pm 1\%$
- Surface Treatment: Galvanized
- Length: Customization
- Hardness: Soft, Full Hard, Half Hard
- Application: Construction, Machinery, Shipbuilding, Etc.
- Packing: In Bundles Or As Per Customer's Requirements
- Thickness: 4-60mm
- Steel Grade: Q195 Q235B 201 304 316L 317 2205 321 310S 303

Product Description

Product Description:

We offer a variety of processing services for your convenience, including bending, welding, decoiling, cutting, and punching. This allows for easy customization and flexibility in your projects.

The Galvanized Flat Steel is known for its excellent surface treatment. It is hot-dipped in zinc to create a corrosion-resistant coating and protect against rust and other damages. This process ensures that your product lasts longer and requires less maintenance over time.

Our Galvanized Flat Steel is available in bundles or can be customized to suit your specific requirements. We understand that every project is different, so we are happy to work with you to find the best solution for your needs.

Overall, our Galvanized Flat Iron Cold Drawn Steel is a high-quality product that offers the perfect combination of strength, durability, and versatility. With our excellent processing services and surface treatment, you can be confident that your project will be a success. Contact us today to learn more about our Galvanized Flat Steel and to place your order.

Technical Parameters:

Material	Carbon Steel
Special Use	Mold Steel
Hardness	Soft, Full Hard, Half Hard
Packing	In Bundles Or As Per Customer's Requirements
Application	Construction, Machinery, Shipbuilding, Etc.
Zinc Coating	Customization
Technique	Cold Rolled Based
Width	Customization
Surface	Black
Alloy Or Not	Non-Alloy
Steel grade	Q195 Q235B 201 304 316L 317 2205 321 310S 303

Packing and Shipping:

Product Packaging:

Galvanized Flat Steel will be packaged in wooden pallets.

The steel will be wrapped with plastic film to prevent rust and scratches.

Each bundle will be securely strapped with metal bands for safe transport.

Shipping Information:

All orders will be shipped via a trusted carrier within 1-3 business days.

Shipping fees will be calculated based on the weight and destination of the order.

Customers will receive a tracking number to monitor the status of their shipment.

FAQ:
