

Cold Rolled Galvanized Flat Bar Steel With Customizable Zinc Coating

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

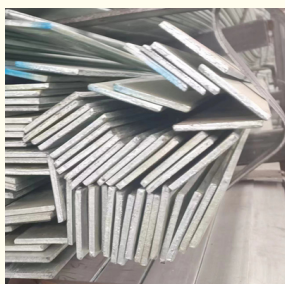

Product Specification

- Application: Construction, Machinery, Shipbuilding, Etc.
- Packing: In Bundles Or As Per Customer's Requirements
- Zinc Coating: Customization
- Technique: Cold Rolled Based
- Alloy Or Not: Non-Alloy
- Special Use: Mold Steel
- Width: Customization
- Surface Treatment: Galvanized
- Steel Grade: 201 304 316L 317 2205 321
- Thickness: 4-60mm
- Highlight: cold rolled galvanized flat bar , customizable flat bar galvanized , customizable galvanized flat bar

Product Description

Product Description:

Our Galvanized Flat Steel is coated with zinc, providing excellent protection against corrosion and rust. We understand that each customer has unique requirements, so we offer customization options for the zinc coating to meet your specific needs.

In terms of appearance, our Galvanized Flat Steel comes in a sleek and modern black surface, making it perfect for various building and construction projects. This steel is also ideal for use in building bridges, as it is durable and can withstand heavy loads and extreme weather conditions.

Our Galvanized Flat Steel is available in bundles or can be tailored to meet your specific requirements. We understand that every customer has different needs, so we offer flexible packaging options to ensure that our product is delivered to you in the most convenient way possible.

Technical Parameters:

Attribute	Value
Processing Service	Bending, Welding, Decoiling, Cutting, Punching
Tolerance	±1%
Packing	In Bundles Or As Per Customer's Requirements
Technique	Cold Rolled Based
Material	Carbon Steel
Length	Customization
Alloy Or Not	Non-Alloy
Surface Treatment	Galvanized
Hardness	Soft, Full Hard, Half Hard

Applications:

The Galvanized Flat Steel product finds application in numerous scenarios, including:

Construction: Galvanized Flat Steel is widely used in the construction industry to manufacture durable and strong structures. It is used to create beams, joists, and other structural components. This product is also used in the roofing and cladding of buildings.

Automotive: Galvanized Flat Steel is used in the manufacturing of various automotive components. It is used in the production of car bodies, chassis, and other structural components. This product is preferred due to its high strength and durability.

Manufacturing: Galvanized Flat Steel is used in various manufacturing industries for the production of durable and long-lasting products. It is used in the production of metal furniture, storage containers, and other products.

Electrical: Galvanized Flat Steel finds application in the electrical industry for the production of electrical components. It is used to manufacture electrical conduits, switch boxes, and other electrical components.

Packing and Shipping:

Product Packaging:

This Galvanized Flat Steel product will be carefully packed in a strong and durable packaging material to ensure safe delivery to your doorstep. The product will be wrapped in a protective layer to prevent any scratches or damage during transit.

Shipping:

We offer fast and reliable shipping for all our products, including this Galvanized Flat Steel. Once your order is confirmed, we will process the shipment within 24-48 hours. The estimated delivery time may vary depending on your location, but we strive to deliver all orders

within 5-7 business days.

FAQ:

Q: What is the place of origin for Galvanized Flat Steel product?

A: The Galvanized Flat Steel product is manufactured in Hebei, China.

Q: What is the certification for Galvanized Flat Steel product?

A: The Galvanized Flat Steel product is certified by ISO9001.

Q: What is the minimum order quantity for Galvanized Flat Steel product?

A: The minimum order quantity for Galvanized Flat Steel product is negotiable.

Q: What is the price for Galvanized Flat Steel product?

A: The price for Galvanized Flat Steel product is negotiable.

Q: What are the packaging details and delivery time for Galvanized Flat Steel product?

A: The packaging details for Galvanized Flat Steel product are according to customer needs. The delivery time for Galvanized Flat Steel product is 15-30 work days.

Q: What are the payment terms for Galvanized Flat Steel product?

A: The payment terms for Galvanized Flat Steel product are TT.
