

## Fully Fabricated Hot Rolled Channel Galvanized Steel With Welding 5# 50mm Height 4.5mm Thickness

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

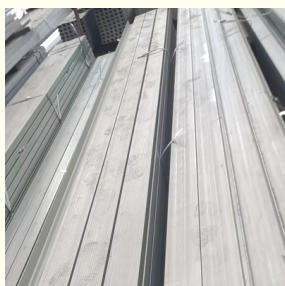

#### Product Specification

- Processing Services: Include Bending, Welding, Punching, Uncoiling, And Cutting
- Shape: Channel
- Material: Galvanized Steel
- Technique: Hot Rolled Steel Channel
- Name: U-shaped Channel Steel
- Package: Standard Seaworthy Package
- Surface Treatment: Galvanized
- Quality: 100% Tested
- Steel Grade: Q195 Q235B 201 321 310S 303
- Highlight: hot rolled channel galvanized steel, welding channel galvanized steel, welding galvanized steel c channel

## Product Description

### Product Description:

This Hot Rolled Steel Channel is designed to provide exceptional durability and strength, making it an ideal choice for even the toughest of applications. Plus, with its non-perforated design, it is able to offer a higher level of structural integrity and stability. When it comes to quality, you can trust that our Galvanized Steel Strut Channel has been 100% tested to ensure that it meets or exceeds industry standards. This means that you can have peace of mind knowing that your project will be built to last. To further enhance its durability and resistance to corrosion, this Galvanized Channel Metal features a high-quality galvanized surface treatment. This helps to protect against rust and other types of damage, ensuring that your project stays looking great for years to come. So why wait? Choose our Galvanized Steel Strut Channel for your next project and experience the ultimate in strength, stability, and quality.

### Features:

Rust-Proof Channel Iron  
Galvanized Channel Metal  
Durable and long-lasting  
Easy to work with and customize  
Resistant to corrosion and weather damage

### Technical Parameters:

Technical Parameter	Description
Name	U-shaped Channel Steel
Application	Construction, Machinery, Shipbuilding, Etc.
Length	Customization
Processing Services	Include Bending, Welding, Punching, Uncoiling, And Cutting
Technique	Hot Rolled Steel Channel
Quality	100% Tested
Surface Treatment	Galvanized
Package	Standard Seaworthy Package
Shape	Channel

Specifications	Height	Width	Thickness
5#	50	37	4.5
6.3#	63	40	4.8
8#	80	43	5.0
10#	100	48	5.3
12#	120	53	5.5
14#a	140	58	6.0

40#b	400	102	12.5
40#c	400	104	14.5

### Applications:

The Galvanized Channel Steel is manufactured in Hebei, China, and is certified with ISO9001. It has a negotiable Minimum Order Quantity and Price, making it an affordable option for various construction projects. The packaging details are also customizable based on the customer's needs, ensuring that the product arrives in perfect condition.

The Galvanized Channel Steel is suitable for various product application occasions and scenarios. It is ideal for use in the construction of buildings, bridges, tunnels, and other infrastructure projects. It is also useful in the installation of electrical systems, HVAC systems, and other mechanical systems. The U-shaped Channel Steel can be customized to meet the specific length requirements of each project, making it a versatile option.

### **Packing and Shipping:**

#### **Product Packaging:**

The galvanized channel steel product will be securely packaged in a cardboard box to prevent any damage during transit. The box will be labeled with the product name, quantity, and any other relevant information.

#### **Shipping:**

The package will be shipped via a reliable courier service to ensure timely and safe delivery.

The shipping cost will be calculated based on the destination and the weight of the package.  
The customer will be provided with a tracking number to monitor the status of their shipment.

---

## FAQ:

**Q1:** What is Galvanized Channel Steel?

**A1:** Galvanized Channel Steel is a type of steel structural component made of hot-dip galvanized steel.

**Q2:** Where is this product made?

**A2:** This product is made in Hebei, China.

**Q3:** Are there any certifications for this product?

**A3:** Yes, this product is certified by ISO9001.

**Q4:** What is the minimum order quantity for this product?

**A4:** The minimum order quantity is negotiable and can vary depending on the quantity and size of the order.

**Q5:** What are the payment terms for this product?

**A5:** The payment terms for this product are TT (Telegraphic Transfer) and can be negotiated based on the order size and customer needs.

**Price:** The price for this product is negotiable and can vary depending on the quantity and size of the order.

**Packaging Details:** The packaging details for this product can be customized to meet the specific needs of the customer.

**Delivery Time:** The delivery time for this product is typically 15-30 work days, depending on the order quantity and size.
