

ISO9001 Q235 Galvanized Channel For Building Galvanized U Channel Steel

Our Product Introduction

for more products please visit us on galvmetal.com

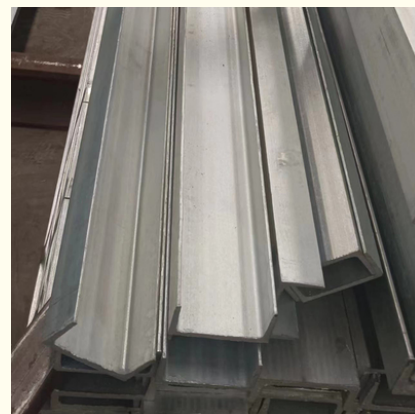

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Application: Construction, Machinery, Shipbuilding, Etc.
- Shape: Channel
- Technique: Hot Rolled Steel Channel
- Usage: Building Construction Materials
- Perforated Or Not: Not Perforated
- Processing Services: Include Bending, Welding, Punching, Uncoiling, And Cutting
- Quality: 100% Tested
- Material: Galvanized Steel
- Steel Grade: Q235
- Highlight: **q235 galvanized channel,**
iso9001 galvanized channel,
iso9001 galvanized u channel steel

Product Description

Product Description:

This Galvanized Channel Metal has a thickness range of 1.5mm-5.0mm, making it perfect for a wide range of projects. Its surface treatment of galvanizing provides excellent corrosion resistance and durability, ensuring that your project will last for years to come. The Galvanized Steel Strut Channel comes in a channel shape, making it easy to install and use. It is versatile and can be used for a variety of applications, including as a support for electrical wiring, as a structural component in building construction, and as a frame for machinery and equipment.

Choose our Galvanized Channel Steel for your next construction or industrial project. Its high-quality materials, galvanized surface treatment, and channel shape make it the perfect choice for any application. Contact us today to learn more.

Technical Parameters:

Thickness	1.5mm-5.0mm
Usage	Building Construction Materials
Material	Galvanized Steel
Application	Construction, Machinery, Shipbuilding, Etc.
Shape	Channel
Quality	100% Tested
Technique	Hot Rolled Steel Channel
Name	U-shaped Channel Steel
Package	Standard Seaworthy Package
Length	Customization

Specifications	Height	Width	Thickness
5#	50	37	4.5
6.3#	63	40	4.8
8#	80	43	5.0
10#	100	48	5.3
12#	120	53	5.5
14#a	140	58	6.0
14#b	140	60	8
16#a	160	63	6.5
16#b	160	65	8.5
18#a	180	68	7
18#b	180	70	9
20#a	200	73	7
20#b	200	75	9
22#a	220	77	7
22#b	220	79	9
25#a	250	78	7
25#b	250	80	9
25#c	250	82	11
28#a	280	82	7.5

28#b	280	84	9.5
28#c	280	86	11
30#a	300	85	7.5
30#b	300	87	9.5
30#c	300	89	11.5
32#a	320	88	8
32#b	320	90	10
32#c	320	92	12
36#a	360	96	9
36#b	360	98	11
36#c	360	100	13
40#a	400	100	10
40#b	400	102	12.5
40#c	400	104	14.5

Applications:

This Rust-Proof Channel Iron is a versatile product that has many application occasions and scenarios. It can be used in the construction of buildings, bridges, and other infrastructure projects. It can also be used in the manufacturing of machinery and equipment. Galvanized Channel Metal is a popular choice for outdoor applications because it is highly resistant to rust and corrosion. It is also a great choice for indoor applications because it is strong and durable. Because this product is a Channel Shape, it is ideal for use in structures where weight is a concern. It is also great for use in areas where there is a need for a strong, stable structure.

Packing and Shipping:

Product Packaging:

Each piece of Galvanized Channel Steel will be wrapped in protective plastic before being placed inside a sturdy cardboard box. The cardboard box will be sealed with packing tape to ensure the product arrives in good condition.

Shipping:

The Galvanized Channel Steel product will be shipped via a reputable courier service.

Customers will be provided with a tracking number to monitor the status of their shipment.

Shipping times will vary depending on the destination, but customers can expect their order to arrive within 5-7 business days.

International customers may be subject to additional customs clearance and fees.

FAQ:

A: The place of origin for Galvanized Channel Steel is Hebei, China.

2. Q: Is the Galvanized Channel Steel product ISO9001 certified?

A: Yes, the Galvanized Channel Steel product is ISO9001 certified.

3. Q: What is the minimum order quantity for Galvanized Channel Steel?

A: The minimum order quantity for Galvanized Channel Steel is negotiable. Please contact us to discuss your specific needs.

4. Q: What is the price for Galvanized Channel Steel?

A: The price for Galvanized Channel Steel is negotiable. Please contact us to discuss your specific needs and pricing options.

5. Q: What are the packaging details for Galvanized Channel Steel?

A: The packaging details for Galvanized Channel Steel are according to customer needs. We can work with you to determine the best packaging options based on your specific requirements.

6. Q: What is the delivery time for Galvanized Channel Steel?

A: The delivery time for Galvanized Channel Steel is 15-30 work days.

7. Q: What are the payment terms for Galvanized Channel Steel?

A: The payment terms for Galvanized Channel Steel are TT. We can work with you to determine the best payment options based on your specific needs.
