

## Durable Corrosion Resistant Channel Steel Q235 Q355 Q345 For Precision Machinery

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Perforated Or Not: Not Perforated
- Thickness: 1.5mm-5.0mm
- Shape: Channel
- Surface Treatment: Galvanized
- Material: Galvanized Steel
- Length: Customization
- Package: Standard Seaworthy Package
- Quality: 100% Tested
- Steel Grade: Q235 Q355 Q345
- Highlight: **q235 galvanized u channel,**  
**q235 galvanized channel steel,**  
**q355 galvanized u channel**

## Product Description

### Product Description:

Made with hot rolled carbon steel, our C channel bar is available in thicknesses ranging from 1.5mm to 5.0mm, ensuring it can handle the demands of your project. Plus, our galvanized surface treatment protects against rust and corrosion, ensuring your channel steel will last for years to come.

Don't settle for subpar channel steel for your important project. Choose our galvanized channel steel for the durability, versatility, and customization options you need. Contact us today to learn more and get started!

### Technical Parameters:

Product Attribute	Description
Product Name	Carbon steel C Channel Bar
Thickness	1.5mm-5.0mm
Shape	Channel
Surface Treatment	Galvanized
Quality	100% Tested
Application	Construction, Machinery, Shipbuilding, Etc.
Length	Customization
Package	Standard Seaworthy Package
Material	Galvanized Steel
Usage	Building Construction Materials
Processing Services	Include Bending, Welding, Punching, Uncoiling, And Cutting
Other Names	Rust-Proof Channel Iron, Galvanized Metal U-Channel

Specifications	Height	Width	Thickness
5#	50	37	4.5
6.3#	63	40	4.8
8#	80	43	5.0

**Packing and Shipping:**

Product Packaging:  
Each piece of Galvanized Channel Steel will be wrapped in plastic to prevent scratching and damage during shipping. The wrapped pieces will then be placed into a sturdy cardboard box with additional padding to ensure safe transport.

Shipping:  
Shipping will be handled by our trusted carrier partners.  
Standard shipping times apply and will vary based on the delivery location.  
Tracking information will be provided once the order has been processed and shipped.  
Please note that additional shipping fees may apply for orders outside of the United States.

#### FAQ:

**Q:** What is Galvanized Channel Steel?

**A:** Galvanized Channel Steel is a type of steel product that has undergone a galvanizing process, which involves coating the steel with a protective layer of zinc to prevent rusting and corrosion.

**Q:** Where is your Galvanized Channel Steel produced?

**A:** Our Galvanized Channel Steel is produced in Hebei, China.

**Q:** Does your Galvanized Channel Steel have any certifications?

**A:** Yes, our Galvanized Channel Steel is certified by ISO9001.

**Q:** What is the minimum order quantity for your Galvanized Channel Steel?

**A:** The minimum order quantity for our Galvanized Channel Steel is negotiable.

**Q:** What is the price of your Galvanized Channel Steel?

**A:** The price of our Galvanized Channel Steel is negotiable.

**Q:** How is your Galvanized Channel Steel packaged and delivered?

**A:** Our Galvanized Channel Steel is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
