

Smooth 4.5kN Galvanized Steel U Channel Fastener With C-Shaped Groove

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Load Capacity: 4.5kN
- Width: Customization
- Corrosion Resistance: Class 4
- Shape: U-type
- Processing Service: Welding
- Surface Treatment: Hot-dip Galvanized
- Weight: Based On Size
- Material: Galvanized Steel
- Highlight: 4.5kn galvanized steel u channel ,
smooth hilti halfen channel ,
smooth galvanized steel u channel

Product Description

Product Description:

The Halfen track is designed with a C-shaped groove that can securely hold embedded parts in place. The Halfen Groove is a reliable and efficient way to attach fixtures and fittings to concrete structures. It is perfect for use in various applications, including building facades, bridges, and tunnels.

The Halfen Channel is treated with a smooth surface finish that provides an elegant and sleek appearance. The surface treatment ensures that the channel is protected from corrosion, rust, and other environmental factors.

The Halfen Channel product is a top-quality solution for anyone looking to secure embedded parts in concrete structures. It is perfect for projects that require a reliable and durable solution for attaching fixtures and fittings. The U-type shape provides a secure grip for the embedded parts, while the Halfen Groove ensures that they are held in place. The Halfen track is versatile and can be used in various applications, including building facades, bridges, and tunnels.

Technical Parameters:

Product Attribute	Value
Product Name	Halfen Channel
Shape	U-type
Height	21mm
Application	Concrete Structures, Industrial Buildings, Bridges, Etc.
Fire Resistance	Class A1
Installation Type	Welded Or Bolted
Weight	Based On Size
Thickness	Customization
Width	Customization
Length	Customization
Processing Service	Welding
Additional Info	High strength embedded parts

Applications:

The Halfen Channel is suitable for a range of applications, including but not limited to, building construction, infrastructure projects, and industrial facilities. The product is designed for welded or bolted installation, making it flexible and easy to use. With a fire resistance rating of Class A1, the Halfen Channel provides a safe and reliable solution for any project.

The U-type shape of the Halfen Channel ensures that it can handle heavy loads, with a capacity of up to 4.5kN. The thickness of the product can be customized to meet the specific needs of the project, ensuring that it is both effective and efficient. The Halfen Channel is also designed to be durable and long-lasting, providing a cost-effective solution for any project.

Packing and Shipping:

The Halfen Channel product will be carefully packaged to ensure its safe delivery. It will be wrapped in protective material and placed in a sturdy cardboard box.

Shipping:

The Halfen Channel product will be shipped within 2 business days of receiving the order. We offer free shipping within the United States and Canada. International shipping is available at an additional cost. Please allow 5-7 business days for delivery within the United States and Canada, and 10-14 business days for international orders.

FAQ:

Q1: What is the place of origin for Halfen Channel?

A1: Halfen Channel is manufactured in Hebei, China.

Q2: What certifications does Halfen Channel have?

A2: Halfen Channel is certified with ISO9001.

Q3: What is the minimum order quantity for Halfen Channel?

A3: The minimum order quantity for Halfen Channel is negotiable.

Q4: What is the price for Halfen Channel?

A4: The price for Halfen Channel is negotiable.

Q5: What are the packaging details and delivery time for Halfen Channel?

A5: The packaging details for Halfen Channel are according to customer needs. The delivery time is 15-30 work days.

Q6: What are the payment terms for Halfen Channel?

A6: The payment terms for Halfen Channel are TT.
