

## U Type Halfen Embedded Parts / Halfen Channel for Industrial Buildings

Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

### Product Specification

- Application: Concrete Structures, Industrial Buildings, Bridges, Etc.
- Weight: Based On Size
- Installation Type: Welded Or Bolted
- Thickness: Customization
- Shape: U-type
- Processing Service: Welding
- Surface Treatment: Hot-dip Galvanized
- Height: 21mm
- Highlight: **u type embedded parts, u type halfen channel, 21mm embedded parts**

## Product Description

### Product Description:

The Halfen Channel features a unique Halfen Groove that allows for easy and secure installation. It has a height of 21mm, making it a perfect fit for most construction projects. The width can be customized according to your specific requirements, ensuring that you get the perfect fit for your project.

One of the standout features of the Halfen Channel is its surface treatment. It is hot-dip galvanized, which provides excellent corrosion resistance. In fact, it has a corrosion resistance of Class 4, making it an ideal choice for harsh environments.

The weight of the Halfen Channel varies based on the size of the product. However, you can rest assured that it is made from high-quality materials that are built to last.

Whether you're working on a large-scale construction project or a small DIY project, the Halfen Channel is a versatile and reliable product that you can count on. Its Halfen Groove ensures that it can be easily installed and provides excellent support and stability.

### Technical Parameters:

Product Attribute	Value
Product Name	Halfen Channel
Installation Type	Welded or Bolted
Material	Galvanized Steel
Height	21mm
Fire Resistance	Class A1
Load Capacity	4.5kN
Thickness	Customization
Application	Concrete Structures, Industrial Buildings, Bridges, etc.
Processing Service	Welding
Surface Treatment	Smooth, Hot-dip Galvanized
Product Description	Halfen Embedded Parts, High strength embedded parts

### Applications:

Halfen Channel is ideal for applications where high load capacity is required. Its load capacity is 4.5kN, making it suitable for heavy-duty applications. The surface treatment of Halfen Channel is smooth, which provides excellent corrosion resistance and durability.

This product can be customized according to the thickness requirements of the project. Halfen Channel can be installed using either a welded or bolted installation method, depending on the project requirements. The processing service offered for Halfen Channel is welding.

With a delivery time of 15-30 work days and payment terms of TT, Halfen Channel is a reliable and efficient choice for construction and industrial projects. Its high strength and load capacity make it an ideal choice for a wide range of applications.

Overall, Halfen Embedded Parts are an excellent choice for construction and industrial projects. Their high strength, load capacity, and versatility make them suitable for a wide range of applications. Contact us today to learn more about our Halfen Embedded Parts and how they can benefit your project.

### Packing and Shipping:

#### Product Packaging:

The Halfen Channel product will be packaged in a cardboard box.

The box will be filled with packing materials to ensure the product's safety during transit.

The packaging will include the product's manual and any necessary hardware.

#### Shipping:

The Halfen Channel product will be shipped via a reputable courier service.

Shipping costs will be calculated based on the destination and weight of the package.

Customers will receive a tracking number once the product has been shipped.

Delivery times may vary depending on the destination, but typically range from 3-7 business days.

---

### FAQ:

Q: What is the place of origin of the Halfen Channel product?

A: The Halfen Channel product is made in Hebei, China.

Q: Is the Halfen Channel product certified?

A: Yes, the Halfen Channel product is certified with ISO9001.

Q: What is the minimum order quantity for the Halfen Channel product?

A: The minimum order quantity for the Halfen Channel product is negotiable.

Q: What is the price of the Halfen Channel product?

A: The price of the Halfen Channel product is negotiable.

Q: What are the packaging details and delivery time for the Halfen Channel product?

A: The packaging details for the Halfen Channel product are according to customer needs, and the delivery time is 15-30 work days.

Q: What are the payment terms for the Halfen Channel product?

A: The payment terms for the Halfen Channel product are TT.
