

Versatile Galvanized Rectangular Pipe For Structuring DN15-DN300mm

Our Product Introduction

for more products please visit us on galvmetal.com

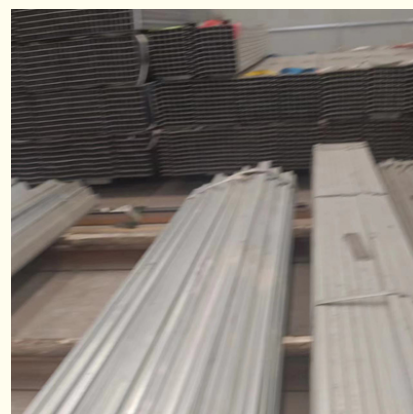

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Material: Galvanized Steel
- Shape: Rectangle
- Thickness: Customization
- Processing Services: Bending, Welding, Punching, Cutting
- Size: Customization
- Surface: Petals, Small Flowers, Regular Flowers, Large Flowers
- Length: Customization
- Zinc Coating: 40-275g/m2
- Specifications: DN15-DN300mm
- Service: Customized On Demand
- Highlight: versatile galvanized rectangular pipe,
versatile rectangular galvanized pipe,
structure galvanized rectangular pipe

Product Description

Product Description:

Our galvanized square rectangular pipe is perfect for a variety of applications, including construction, manufacturing, and transportation. With our customizable sizes and thicknesses, you can find the perfect fit for your project.

Our zinc-coated square pipe features a zinc coating of 40-275g/m², which provides excellent protection against rust and corrosion. This makes our pipes ideal for use in harsh environments, including outdoor and marine applications.

At our company, we are committed to providing top-quality products and exceptional customer service. We take pride in our workmanship and strive to exceed your expectations with every order. Whether you need a single pipe or a large quantity, we are here to help.

So if you're in the market for a reliable and durable rectangular galvanized pipe, look no further than our Cold Rolled Galvanized Square Pipe. Contact us today to learn more about our products and services, and to place your order.

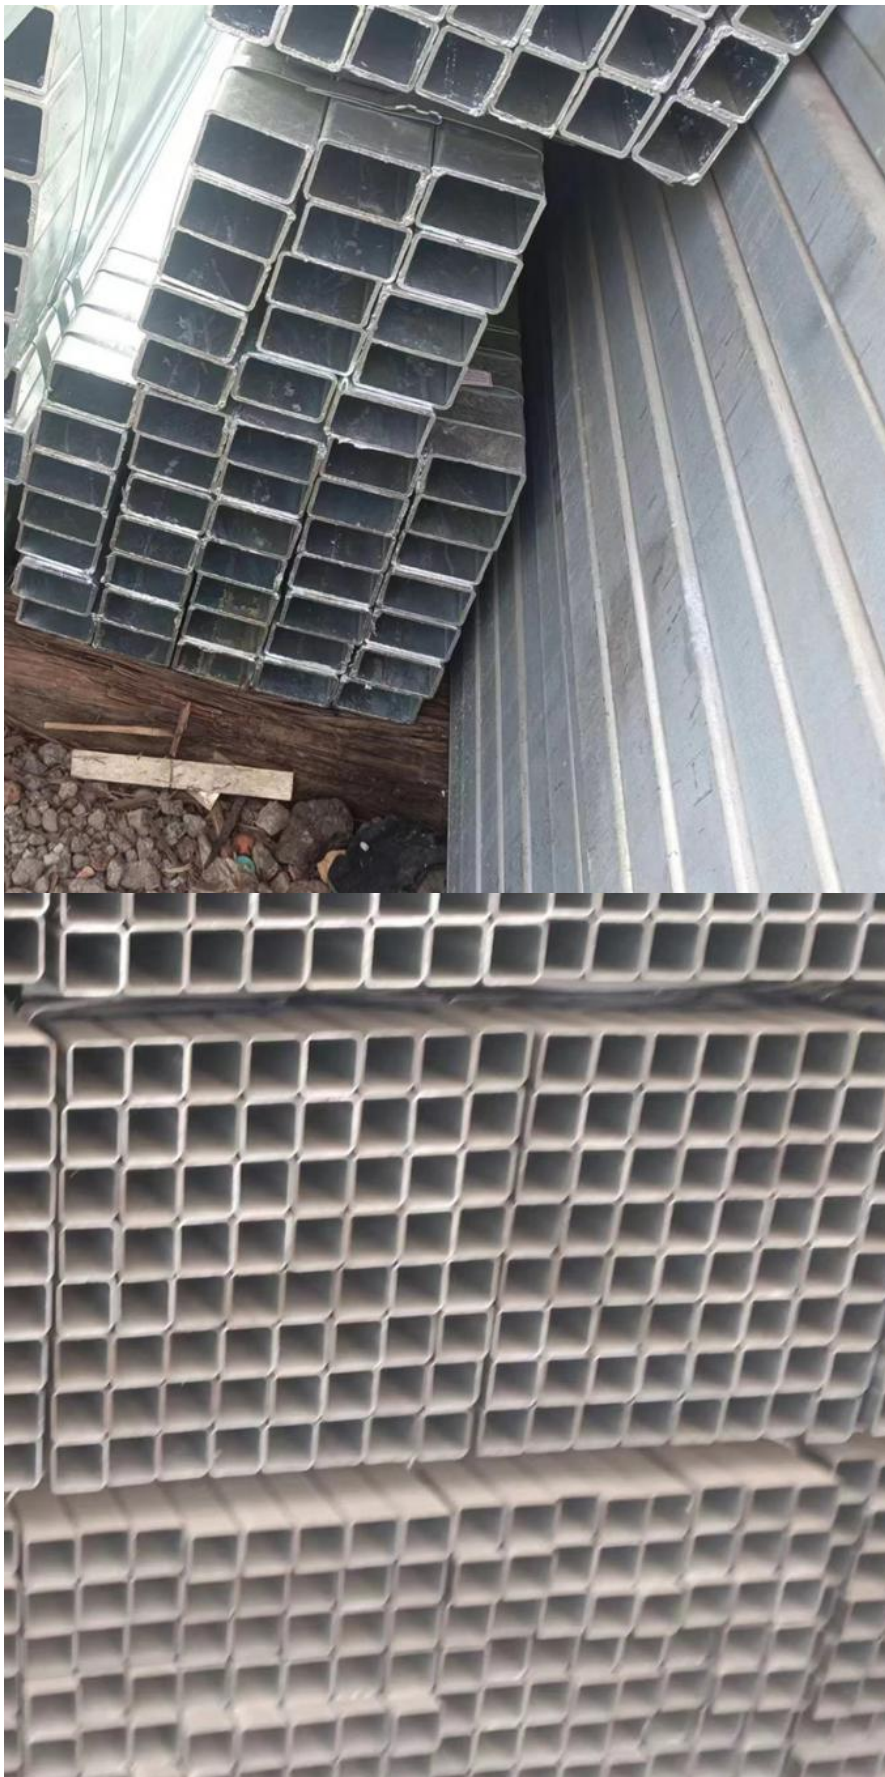

Technical Parameters:

Technical Parameter	Description
Product Name	Galvanized Square Tube, Hot-dip Galvanized Hollow Section, Rectangular Galvanized Pipe
Shape	Rectangle
Usage	Construction, Machinery, Greenhouse, Fence, Etc.
Zinc Coating	40-275g/m ²
Thickness	Customization
Length	Customization
Processing Services	Bending, Welding, Punching, Cutting
Technology	Hot Rolled/cold Rolled
Material	Galvanized Steel
Surface	Petals, Small Flowers, Regular Flowers, Large Flowers
Application	Tube Structure

Applications:

The Galvanized Square Rectangular Pipe is available in custom sizes and thicknesses, making it ideal for various applications. Its zinc coating ranges from 40-275g/m², making it highly resistant to corrosion and rust. This product is also available with processing services such as bending, welding, punching, and cutting, making it easy to customize based on specific requirements.

Cold rolled galvanized square pipe and rectangular galvanized pipe are the two most common types of Galvanized Square Rectangular Pipe products. These products are widely used in various applications, including construction, architecture, machinery, and furniture. They are also used in the transportation sector, such as in the manufacturing of railings, fences, and gates.

Packing and Shipping:

Product: Galvanized Square Rectangular Pipe

Dimensions: Varies (available upon request)

Material: Galvanized Steel

Packaging: Bundles or as per customer's request

Shipping: FOB/CIF (Cost, Insurance, and Freight) or as per customer's request. Shipping costs will be calculated based on the destination and weight of the order.

FAQ:

Here are some frequently asked questions and answers about our Galvanized Square Rectangular Pipe:

Q: What is the place of origin of the product?

A: The Galvanized Square Rectangular Pipe is made in Hebei, China.

Q: Is this product certified?

A: Yes, this product is certified with ISO9001.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is negotiable.

Q: How much does this product cost?

A: The price for this product is negotiable.

Q: What are the packaging details for this product?

A: The packaging details for this product will be according to customer needs.

Q: What is the delivery time for this product?

A: The delivery time for this product is 15-30 work days.

Q: What are the payment terms for this product?

A: The payment terms for this product are TT.
