

Petals Surface Customization Galvanised Square Tubing For Decoration

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Surface: No Cracks, No Embroidery Points, No Burrs
- Length: Customization
- Material: Galvanized Steel
- Processing Services: Bending, Welding, Punching, Cutting
- Size: Customization
- Surface Treatment: Galvanized, Pre-galvanized, Hot-dipped Galvanized
- Packing: Customization
- Thickness: Customization
- Specifications: 20*40--200*200mm
- Highlight: **petals galvanised square tubing,
petals galv square steel tubing,
decoration galvanised square tubing**

Product Description

Product Description:

Our Galvanized Square Rectangular Pipe is available in a range of sizes and lengths, which can be customized to meet your specific needs. No matter what your project requires, we can provide you with the perfect product to get the job done.

In addition to our standard sizes, we also offer a range of processing services including bending, welding, punching, and cutting. This means you can get the exact product you need for your unique project requirements.

Our Galvanized Square Rectangular Pipe is available with a range of surface treatments, including galvanized, pre-galvanized, and hot-dipped galvanized. This ensures that your product is protected against rust and other types of corrosion, even in the harshest environments.

So why wait? Contact us today to learn more about our Galvanized Square Rectangular Pipe and how it can benefit your project.

Whether you need a Hot-dip Galvanized Hollow Section or any other type of Galvanized Square Rectangular Pipe, we are here to help you get the job done.

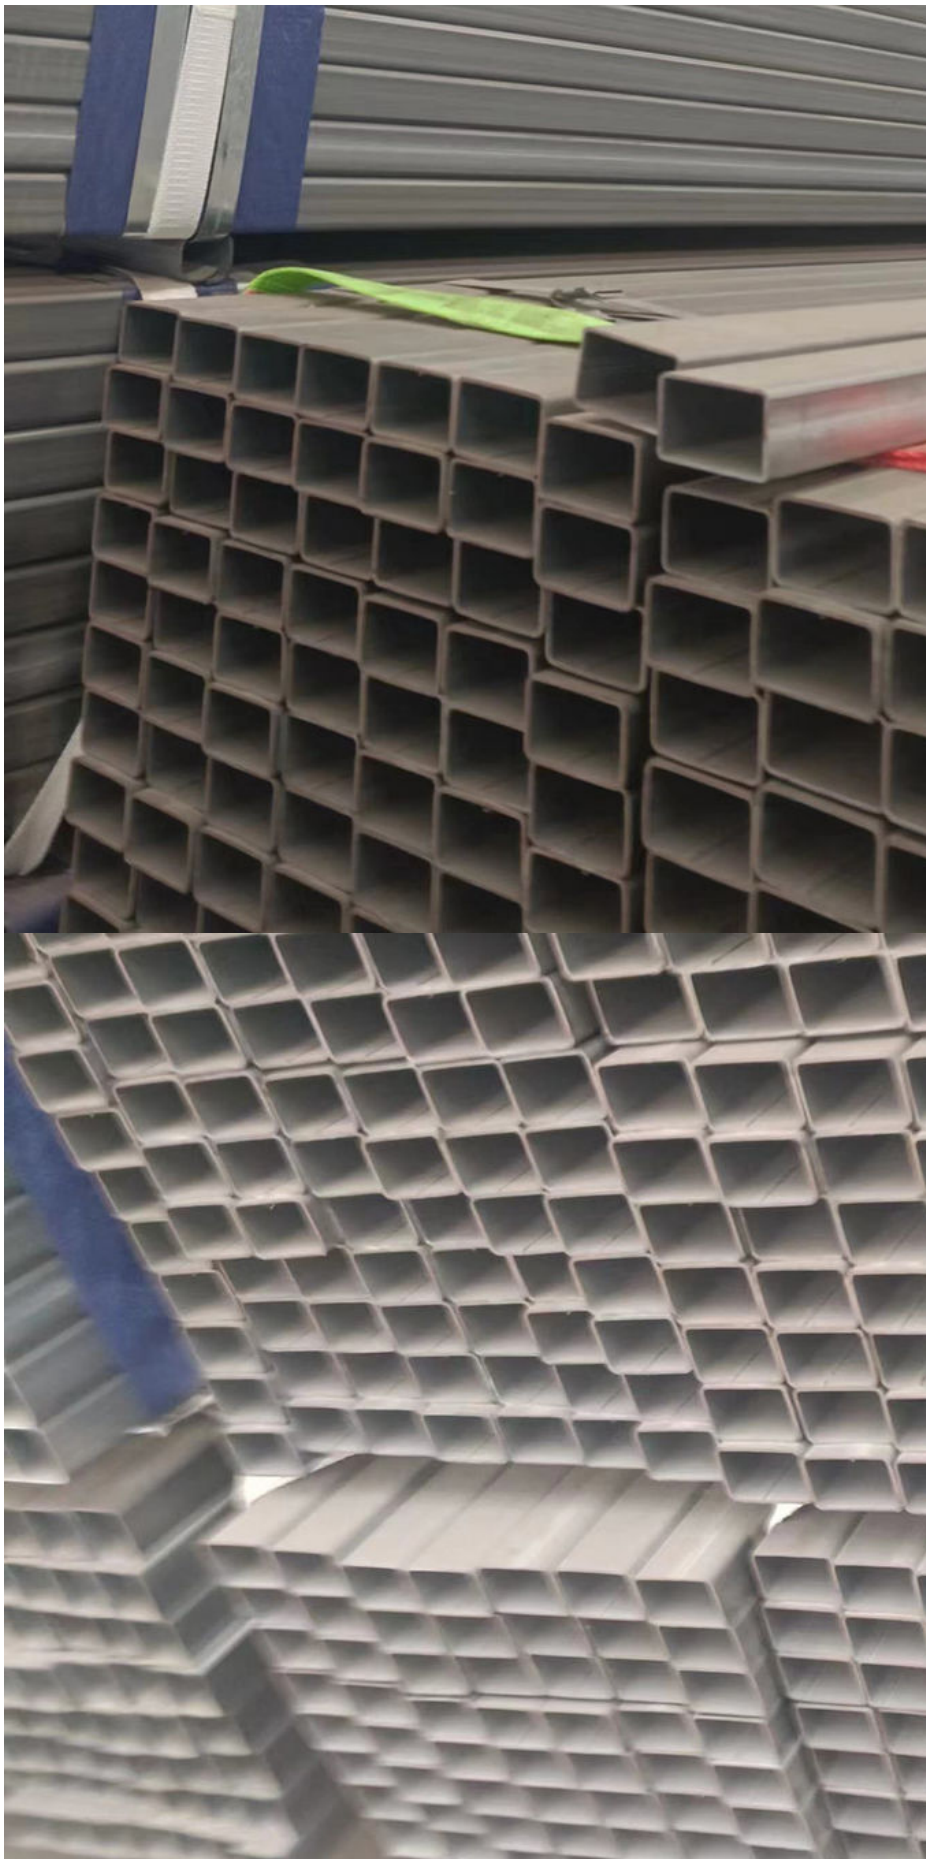

Technical Parameters:

Technology	Hot Rolled/cold Rolled
Zinc Coating	40-275g/m2
Size	Customization
Thickness	Customization
Processing services	Bending, Welding, Punching, Cutting
Packing	Customization
Shape	Rectangle
Application	Tube Structure
Material	Galvanized Steel
Length	Customization

Applications:

This product is made from galvanized steel, making it a durable and reliable material that is perfect for any construction and machinery projects. The Hot-dip Galvanized Hollow Section is a great option for customers who need a strong and sturdy material that can withstand harsh weather conditions. On the other hand, the Cold rolled galvanized square pipe is a great choice for customers who require a smoother surface finish.

In conclusion, the Galvanized Square Rectangular Pipe is a versatile and durable product that is perfect for any construction and machinery projects. Its custom size, flexible usage, and high-quality manufacturing process make it a popular choice among customers. Contact us today to place your order and get the best deals on this product!

Packing and Shipping:

Product Packaging:

Galvanized square rectangular pipe will be packaged with plastic caps on both ends.

The pipes will be bundled with steel strips and wrapped with plastic bags.

Each bundle will be packed in a wooden case or a steel frame.

Shipping:

The galvanized square rectangular pipes will be shipped by sea or by air.

The shipping time will vary depending on the destination and the mode of transportation chosen by the customer.

We will provide all necessary documents for customs clearance.

We will ensure that the pipes are delivered to the customer in good condition.
