

## Shipbuilding Galv Angle Galvanized Hot Rolled L Angle Steel For Construction

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Processing Services: Welding And Cutting
- Quality: High Quality. Inspection
- Material: Carbon Steel
- Surface Treatment: Galvanized
- Production Capacity: 5000 Tons Per Month
- Name: Angle Steel
- Technology: Hot Dipped
- Application: Construction, Machinery, Shipbuilding, Etc.
- Highlight: **shipbuilding galv angle, hot rolled l angle steel, shipbuilding l angle steel**

## Product Description

### Product Description:

In addition to its high-quality construction, this angle steel product is also available with processing services such as welding and cutting. This makes it easy to customize and modify to suit specific project requirements.

Another notable feature of this Galvanized Angle Steel product is its slotted cold drawn design. This makes it easier to work with and provides added flexibility in terms of installation and assembly.

Before being made available for purchase, this angle steel product undergoes a rigorous inspection process. This ensures that it meets the highest standards of quality and safety, and is ready to perform reliably in a wide range of applications.

Overall, the Galvanized Angle Steel is a top-quality product that offers excellent strength, durability, and versatility. It is ideal for use in a wide range of construction and manufacturing applications, and can be easily customized using the available processing services.

### Technical Parameters:

Material	Carbon Steel
Surface Treatment	Galvanized
Surface	Mild Steel Plain
Processing Services	Welding And Cutting
Shape	L Shape
Application	Construction, Machinery, Shipbuilding, Etc.
Quality	High Quality. Inspection
Production Capacity	5000 Tons Per Month
Name	Angle Steel
Technology	Hot Rolled Or Cold Rolled

### Applications:

The Galvanized L-Angle Steel product is commonly used in construction, industrial, and manufacturing applications. It is used for framing, supporting, and reinforcing structures such as buildings, bridges, and towers. It is also used in the manufacturing of machinery, equipment, and vehicles. This product is ideal for use in outdoor environments as it is resistant to rust and corrosion.

The Galvanized L-Angle Steel product is also suitable for use in the agricultural industry. It can be used for building fences, gates, and other farm structures. It is also commonly used for irrigation systems and in the construction of greenhouses.

The Galvanized L-Angle Steel product is available in different sizes and can be cut and welded to meet specific requirements. Processing services such as welding and cutting are offered to customers to ensure that the product is tailored to their needs.

The Galvanized L-Angle Steel product is packed according to customer needs and is typically delivered within 15-30 work days. Payment terms are TT, and shipment is by container or as per customer request.

### **Packing and Shipping:**

#### **Product Packaging:**

The Galvanized Angle Steel product will be packaged securely in wooden crates to prevent any damage during transportation. Each crate will contain a specific quantity of the product based on customer requirements.

#### **Shipping:**

The Galvanized Angle Steel product will be shipped via standard shipping methods. The delivery time will depend on the destination and the quantity ordered. Customers will be notified of the estimated delivery time and tracking information will be provided once the product

has been shipped.

---

### FAQ:

**Q: What is the place of origin of Galvanized Angle Steel?**

A: Galvanized Angle Steel is made in Hebei, China.

**Q: Is Galvanized Angle Steel certified?**

A: Yes, Galvanized Angle Steel is certified by ISO9001.

**Q: What is the minimum order quantity for Galvanized Angle Steel?**

A: The minimum order quantity for Galvanized Angle Steel is negotiable.

**Q: What is the price of Galvanized Angle Steel?**

A: The price of Galvanized Angle Steel is negotiable.

**Q: How is Galvanized Angle Steel packaged and delivered?**

A: Galvanized Angle Steel is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
