

## Container Galvanized Steel Angle Hot Rolled Or Cold Rolled for Structural Support

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

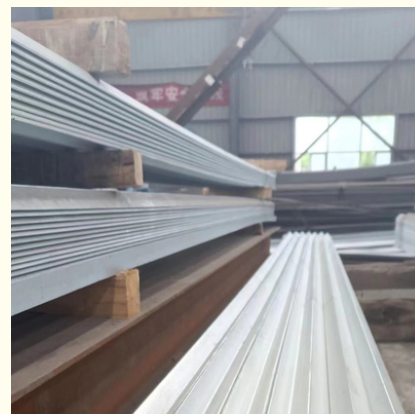

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Shipment: Container Or As Your Request
- Material: Carbon Steel
- Name: Angle Steel
- Application: Construction, Machinery, Shipbuilding, Etc.
- Production Capacity: 5000 Tons Per Month
- Surface Treatment: Galvanized
- Processing Services: Welding And Cutting
- Technology: Hot Rolled Or Cold Rolled
- Highlight: **hot rolled galvanised angle, hot rolled galvanized angle steel, cold rolled galvanised angle**

## Product Description

### Product Description:

Our Galvanized Angle Steel is created using either hot rolled or cold rolled technology, depending on your specific needs. Hot rolling is preferred for creating slotted cold drawn angle steel, while cold rolling is ideal for precision cutting and welding. One of the most exceptional features of our Galvanized Angle Steel is its surface treatment. The steel is treated with a high-quality galvanized coating that provides superior rust and corrosion resistance, making it ideal for outdoor and heavy-duty applications. Our Galvanized Angle Steel is also highly versatile and can be easily customized to meet your exact specifications. We offer a range of processing services, including cutting and welding, to ensure that our steel product fits perfectly into your project. When you choose our Galvanized Angle Steel, you can be confident that you are getting a top-quality product that is built to last. It is perfect for use in construction, manufacturing, and other heavy-duty applications where reliable strength and durability are essential.

### Technical Parameters:

Parameter	Description
Name	Galvanized L-Angle Steel
Material	Carbon Steel
Quality	High Quality. Inspection
Shape	L Shape
Surface	Mild Steel Plain
Surface Treatment	Galvanized
Technology	Hot Dipped
Processing Services	Welding And Cutting
Technology	Hot Rolled Or Cold Rolled
Shipment	Container Or As Your Request

### Applications:

Galvanized Angle Steel is suitable for various application occasions and scenarios. It can be used in the construction industry as a structural component for buildings, bridges, and highways. It is also commonly used in the manufacturing industry for machinery, equipment, and vehicles. This product is also used in the energy industry for power plants and wind turbines. In summary, Galvanized Angle Steel is a highly versatile product suitable for various application occasions and scenarios. Its hot-rolled galvanized steel construction makes it strong and durable, and its production in Hebei, China, ensures its high quality. With a negotiable minimum order quantity and price, customizable packaging, and a production capacity of 5000 tons per month, this product is a reliable choice for a wide range of industries.

### **Packing and Shipping:**

#### **Product Packaging:**

Galvanized Angle Steel will be packed in bundles with steel strips

Each bundle will weigh between 2-3 tons

The bundles will be securely wrapped with plastic sheets for protection during transportation

Shipping:

The Galvanized Angle Steel will be shipped via sea or land depending on the destination  
The shipping process will take approximately 10-30 days depending on the location  
Customers will be provided with a tracking number to monitor the delivery status of their product

---

### FAQ:

**Q:** What is the place of origin of Galvanized Angle Steel?

**A:** Galvanized Angle Steel is produced in Hebei, China.

**Q:** Is Galvanized Angle Steel certified?

**A:** Yes, Galvanized Angle Steel is certified with ISO9001.

**Q:** What is the minimum order quantity for Galvanized Angle Steel?

**A:** The minimum order quantity for Galvanized Angle Steel is negotiable.

**Q:** How much does Galvanized Angle Steel cost?

**A:** The price of Galvanized Angle Steel is negotiable.

**Q:** How is Galvanized Angle Steel packaged and delivered?

**A:** Galvanized Angle Steel is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
