

## ISO9001 Galvanised Steel Round Bar Zinc Coating 200-600g/M2 Customizable Size For Construction

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Grade: Coil
- Surface Treatment: Galvanized
- Diameter: Customization
- Steel Grade: Hot Dip Galvanizing
- Surface Finish: Bright Surface
- Length: Customization
- Type: Carbon Steel Bar
- Shape: Round
- Material: Q235/S355/G300/ Q259B
- Highlight: **iso9001 galvanised steel round bar,**  
**iso9001 round steel bar, 600g round steel bar**

## Product Description

### Product Description:

Our Galvanized Round Steel Bar is available in different lengths, and we offer customization to meet your specific needs. Whether you need a few inches or several feet, we can make it happen.

The zinc coating on this steel bar ranges from 200g/m2 to 600g/m2, making it one of the most durable and long-lasting products on the market. This coating ensures that the steel bar can withstand harsh weather conditions and other environmental factors, making it perfect for outdoor use.

Our Galvanized Round Steel Bar is made from high-quality materials and is designed to meet the highest industry standards. We take great pride in our attention to detail, and we guarantee that every product we sell is of the highest quality.

So if you're looking for a high-quality, hot-dip zinc coated round steel bar that is perfect for constructional applications, look no further than our Galvanized Round Steel Bar. With its excellent corrosion resistance, durability, and versatility, it is sure to be a valuable asset to your next project.

### Features:

Our Galvanized Round Steel Bar is a low hot rolled round bar that is perfect for constructional applications. With a surface treatment of galvanized and a zinc coating of 200g/m2 to 600g/m2, it is durable and offers excellent corrosion resistance. This carbon steel bar is customizable in length to meet your specific needs.

### Technical Parameters:

Attribute	Value
Type	Carbon Steel Bar
Diameter	Customization
Material	Steel
Zinc Coating	200g/m2 - 600g/m2
Steel Grade	Hot Dip Galvanizing
Application	Building Materials, Building
Technique	Hot Rolled
Grade	Coil
Surface Finish	Bright Surface
Surface Treatment	Galvanized

### Applications:

The Galvanized Round Steel Bar is a high-quality product that originates from Hebei, China. It has undergone the ISO9001 certification, ensuring that it is made with the highest standards possible. The minimum order quantity of the product is negotiable, making it flexible for different customer requirements. The pricing is also negotiable, making it a cost-effective solution for customers.

The Galvanized Round Steel Bar is a type of carbon steel bar that has been hot-dip zinc coated. The hot-dip zinc coating provides excellent corrosion resistance, making it suitable for use in harsh environments. The low hot-rolled round bar is made with high-quality steel, making it strong and durable. The diameter of the bar is customizable, meeting different customer needs.

The Galvanized Round Steel Bar is suitable for use in various scenarios. It can be used in outdoor environments, where it is exposed to different weather conditions. Its excellent corrosion resistance makes it suitable for use in marine environments, where it is exposed to saltwater. It is also suitable for use in corrosive environments, where it is exposed to chemicals and other harsh substances.

### **Packing and Shipping:**

**Product Packaging:** The Galvanized Round Steel Bar will be packed securely in bundles, with each bundle weighing approximately 2-3 tons. The bundles will be wrapped in waterproof paper and steel strips to prevent any damage during transportation.

**Shipping:** The Galvanized Round Steel Bar will be shipped via truck, train, or ship depending on the location of the customer. The shipping cost will be calculated based on the weight of the order and the distance to the destination. Delivery times may vary depending on the mode of transportation and the location of the customer.

---

## FAQ:

**Q: What is the place of origin of the Galvanized Round Steel Bar?**

A: The Galvanized Round Steel Bar is made in Hebei, China.

**Q: What certifications does the Galvanized Round Steel Bar have?**

A: The Galvanized Round Steel Bar is certified with ISO9001.

**Q: What is the minimum order quantity of the Galvanized Round Steel Bar?**

A: The minimum order quantity of the Galvanized Round Steel Bar is negotiable.

**Q: What is the price of the Galvanized Round Steel Bar?**

A: The price of the Galvanized Round Steel Bar is negotiable.

**Q: What are the packaging details of the Galvanized Round Steel Bar?**

A: The packaging details of the Galvanized Round Steel Bar are according to customer needs.

**Q: What is the delivery time for the Galvanized Round Steel Bar?**

A: The delivery time for the Galvanized Round Steel Bar is 15-30 work days.

**Q: What are the payment terms for the Galvanized Round Steel Bar?**

A: The payment terms for the Galvanized Round Steel Bar are TT.
