

## Customization Length Hot Dip Zinc Coated Hot Rolled Round Steel Round Bar Stock Q235 S355 G300 Q259B

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

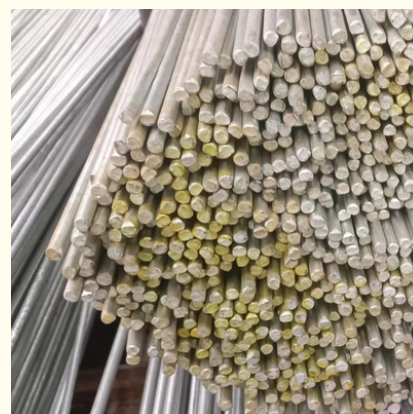

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Length: Customization
- Technique: Hot Rolled
- Diameter: Customization
- Steel Grade: Hot Dip Galvanizing
- Surface Treatment: Galvanized
- Shape: Round
- Packing: In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
- Application: Building Materials, Building
- Product Material: Q235/S355/G300/ Q259B
- Highlight: **round bar stock q235,  
zinc coated hot rolled round steel,  
q235 steel round bar**

### Product Description:

Our Hot-dip Zinc Coated Round Steel is not only strong and reliable, but it also features a bright surface finish that is sure to catch the eye. Whether you're using it for construction, industrial, or manufacturing projects, this steel bar is a versatile option that can be customized to meet your specific needs.

Our Galvanized Circular Steel is available in various lengths, allowing you to choose the perfect size for your project. Plus, it comes in bundles and is packaged with waterproof plastic bags and woven bags to ensure its protection during transportation.

The hot-dip zinc coating on our round steel bar provides an added layer of protection against corrosion and rust. This surface treatment ensures that your steel bar will maintain its strength and durability over time, even in harsh outdoor environments.

Overall, our Galvanized Circular Steel is a top-quality option for those in need of a strong and reliable steel bar. With its hot-dip zinc coating, bright surface finish, and customizable length, this product is sure to exceed your expectations.

### Technical Parameters:

Type	Carbon Steel Bar
Length	Customization
Shape	Round
Application	Building Materials, Building
Steel Grade	Hot Dip Galvanizing
Surface Treatment	Galvanized
Material	Steel
Technique	Hot Rolled
Grade	Coil

### Applications:

The Galvanized Round Steel Bar has a zinc coating of between 200g/m<sup>2</sup> - 600g/m<sup>2</sup>. This coating provides extra protection and durability to the product. The technique used in producing this product is hot rolled, which guarantees a low hot rolled round bar.

The Solid Galvanized Round Steel Bar has numerous applications. It is ideal for use in building materials and building projects. It is commonly used in construction projects such as bridges, railways, and highways. It is also used in the manufacturing of mechanical parts, farm machinery, and mining machinery.

The Galvanized Round Steel Bar is a versatile product that can be used in various applications. It is a reliable and durable product that can withstand harsh weather conditions and tough environments. Its customization options and packaging make it an ideal choice for customers with specific needs.

### **Packing and Shipping:**

Product Name: Galvanized Round Steel Bar  
Product Size: 1/2 inch diameter x 6 feet length  
Material: Galvanized Steel  
Package Contents: 1 Galvanized Round Steel Bar  
Package Dimensions: 72 x 0.5 x 0.5 inches  
Weight: 5 pounds

Shipping Method: Standard Shipping  
Estimated Delivery Time: 5-7 business days

---

## FAQ:

**Q: Where is the Galvanized Round Steel Bar product made?**

A: The Galvanized Round Steel Bar product is made in Hebei, China.

**Q: Is the Galvanized Round Steel Bar product certified?**

A: Yes, the Galvanized Round Steel Bar product is certified with ISO9001.

**Q: What is the minimum order quantity for the Galvanized Round Steel Bar product?**

A: The minimum order quantity for the Galvanized Round Steel Bar product is negotiable.

**Q: What is the price of the Galvanized Round Steel Bar product?**

A: The price of the Galvanized Round Steel Bar product is negotiable.

**Q: What are the packaging details for the Galvanized Round Steel Bar product?**

A: The packaging details for the Galvanized Round Steel Bar product are according to customer needs.

**Q: What is the delivery time for the Galvanized Round Steel Bar product?**

A: The delivery time for the Galvanized Round Steel Bar product is 15-30 work days.

**Q: What are the payment terms for the Galvanized Round Steel Bar product?**

A: The payment terms for the Galvanized Round Steel Bar product are TT.
