

## 200g - 600g Galvanized Carbon Steel Round Bar Bright Surface Hot Rolled

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Surface Treatment: Galvanized
- Material: Q235/S355/G300/ Q259B
- Type: Carbon Steel Bar
- Zinc Coating: 200g/m2 - 600g/m2
- Packing: In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
- Shape: Round
- Surface Finish: Bright Surface
- Technique: Hot Rolled
- Highlight: **carbon steel round bar bright surface , 200g round steel bar , 200g carbon steel round bar**

## Product Description

### Product Description:

Its low Hot Rolled Round Bar technique guarantees a solid and sturdy construction that can support heavy loads, making it ideal for various building applications. Whether you're constructing a new building, reinforcing a foundation, or adding support to a structure, this Solid Galvanized Round Steel Bar is perfect for the job.

Plus, the Galvanized Circular Steel Bar is easy to use and install, making it a popular choice among builders and construction professionals. Its versatile design allows it to be cut, shaped, and welded to fit your specific project requirements, making it a flexible and handy building material.

### Technical Parameters:

Attribute	Description
Grade	Coil
Packing	In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
Steel Grade	Hot Dip Galvanizing
Surface Finish	Bright Surface
Surface Treatment	Galvanized
Shape	Round
Material	Steel
Zinc Coating	200g/m2 - 600g/m2
Application	Building Materials, Building
Type	Carbon Steel Bar

### Applications:

The Solid Galvanized Round Steel Bar is perfect for a wide range of product application occasions and scenarios. It can be used in the construction of buildings, bridges, and other large structures where strength and durability are a must. Its corrosion-resistant properties make it ideal for use in coastal areas or places with high moisture and humidity levels.

Manufacturers in the automotive, aerospace, and machinery industries can also benefit from using the Solid Galvanized Round Steel Bar. It can be used to fabricate parts and components that require high strength and resistance to corrosion, making it a cost-effective solution for many manufacturing needs.

Overall, the Solid Galvanized Round Steel Bar is a versatile and reliable product that can be used in various applications. Its hot-rolled technique and galvanized surface treatment make it a top choice for those looking for high-quality steel bars for their construction and manufacturing needs.

### **Packing and Shipping:**

#### **Product Packaging:**

The Galvanized Round Steel Bar will be packed securely in bundles or in wooden cases, depending on the quantity ordered. The bundles will be wrapped with waterproof material and then fastened with straps to ensure safe transport.

#### **Shipping:**

The Galvanized Round Steel Bar will be shipped via land or sea transport, depending on the destination. We will ensure that the product is delivered on time and in good condition.

---

## FAQ:

**Q:** What is the place of origin of the Galvanized Round Steel Bar product?

**A:** The Galvanized Round Steel Bar product is made in Hebei, China.

**Q:** Does the Galvanized Round Steel Bar product come with any certification?

**A:** Yes, the Galvanized Round Steel Bar product is certified with ISO9001.

**Q:** Is there a minimum order quantity for the Galvanized Round Steel Bar product?

**A:** The minimum order quantity for the Galvanized Round Steel Bar product is negotiable.

**Q:** Can the price of the Galvanized Round Steel Bar product be negotiated?

**A:** Yes, the price of the Galvanized Round Steel Bar product is negotiable.

**Q:** How is the Galvanized Round Steel Bar product packaged and delivered?

**A:** The Galvanized Round Steel Bar product is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
