

## Zinc Magnesium Alloy Tube Aluminum Rectangular Tubing Sizes Customizable Corrosion Resistant

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

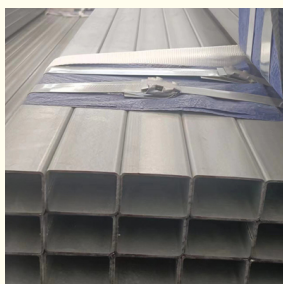

#### Product Specification

- Rustproof: Yes
- Strength: High
- Corrosion Resistance: High
- Size: Customizable
- Material: Zinc, Magnesium, Aluminum
- Lightweight: Yes
- Surface Treatment: Zinc Magnesium Aluminum
- Malleability: High
- Highlight: **aluminum rectangular tubing sizes customizable**  
**, customizable magnesium alloy tube,**

## Product Description

### Product Description:

The Alloy coated square tube is malleable, making it easy to shape and form to your specific needs. This means that you can create a wide range of shapes and sizes to suit your project requirements. Whether you need a large or small square tube, this product is customizable to meet your needs.

One of the key benefits of the Aluminum-Magnesium-Zinc Square Hollow Section is its lightweight nature. This makes it easy to transport and install, which can save time and money on your project. Despite its lightweight, this alloy coated square tube is incredibly strong and durable, making it suitable for use in a wide range of applications.

In summary, the Zinc Magnesium Aluminum Square Tube is a versatile and customizable product that is perfect for construction and industrial projects. Its high malleability, silver color, and lightweight nature make it an ideal choice for a range of applications. Whether you need a large or small square tube, this Alloy coated square tube can be shaped and formed to meet your specific needs.

### Features:

This Zinc Magnesium Alloy Square Pipe is a versatile product that is both lightweight and durable. Its silver color makes it a great option for a variety of projects. The high heat conductivity of the Zinc aluminum magnesium strip steel used in this product ensures that it can handle even the most demanding applications. With customizable size options available, this Zinc Magnesium Alloy Square Pipe is a great choice for anyone looking for a reliable and efficient solution for their project needs.

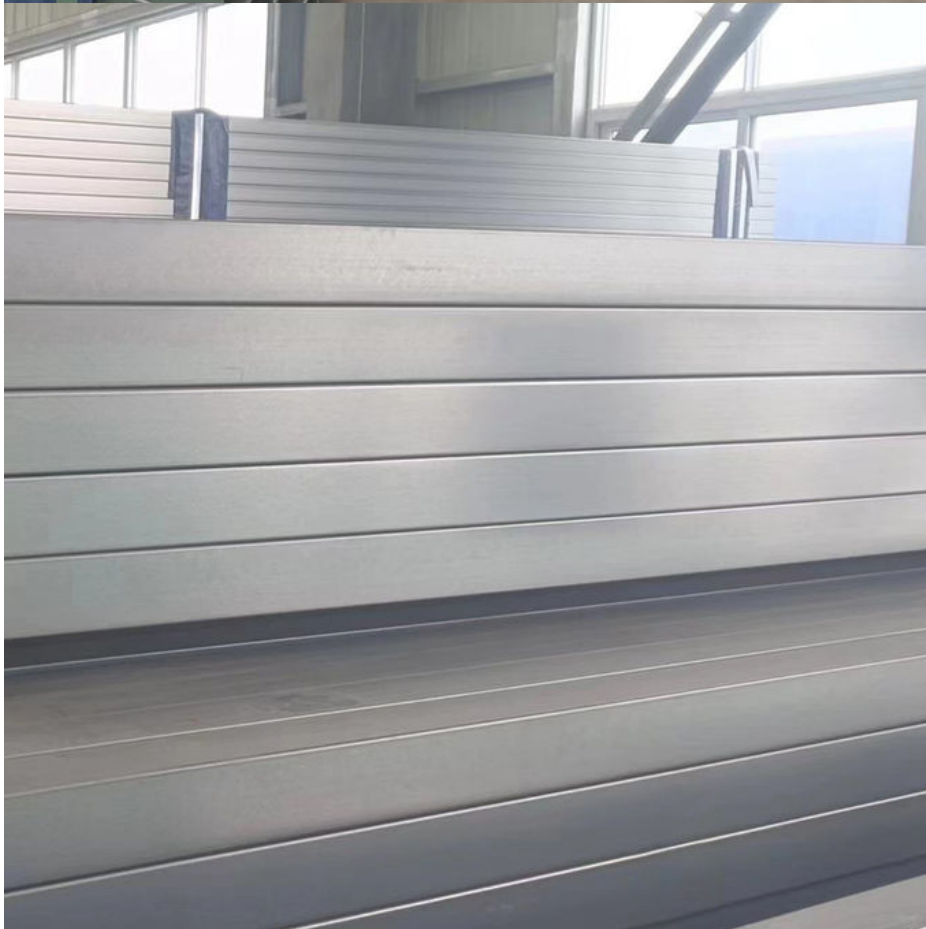

### Technical Parameters:

Product Name	Aluminum-Magnesium-Zinc Square Hollow Section
Alias	Mg Zn Al Square Pipe, Zinc aluminum magnesium strip steel
Lightweight	Yes
Application	Construction, Automotive, Aerospace, Marine, Etc.
Material	Zinc, Magnesium, Aluminum
Corrosion Resistance	High
Surface Treatment	Zinc Magnesium Aluminum
Color	Silver
Heat Conductivity	High
Size	Customizable
Weldability	Good
Strength	High

### Applications:

The Alloy coated square tube is a rustproof product that has undergone surface treatment to ensure its longevity. Its high heat conductivity and malleability make it an ideal material for construction, automotive, aerospace, marine, and other industries. The product can withstand harsh environmental conditions, making it a reliable choice for outdoor usage.

The Aluminum-Magnesium-Zinc Square Hollow Section is available in various sizes, and the packaging details can be customized according to customer needs. The delivery time for this product is around 15-30 workdays, and the payment terms accepted are TT. In construction, the Zinc Magnesium Aluminum Square Tube can be used in the framework of buildings, bridges, and other infrastructure projects. Its strength and durability make it an excellent choice for heavy-duty applications. The product can also be used in automotive and aerospace industries, where high heat conductivity is a crucial factor. The marine industry can also benefit from this product due to its rustproof nature.

### **Packing and Shipping:**

#### **Product Packaging:**

Each square tube is wrapped in protective plastic

Multiple tubes are packed together in a sturdy cardboard box

The box is labeled with product information and handling instructions

#### **Shipping:**

Shipping is available worldwide  
Standard shipping times and rates apply  
Expedited shipping options are available for an additional fee  
Customers will receive a tracking number once the order has shipped

---

### FAQ:

- Q:** What is the place of origin of the Zinc Magnesium Aluminum Square Tube?  
**A:** The Zinc Magnesium Aluminum Square Tube is manufactured in Hebei, China.
- Q:** Does this product come with any certification?  
**A:** Yes, the Zinc Magnesium Aluminum Square Tube is certified with ISO9001.
- Q:** Is there a minimum order quantity for this product?  
**A:** The minimum order quantity for the Zinc Magnesium Aluminum Square Tube is negotiable.
- Q:** Can the price for this product be negotiated?  
**A:** Yes, the price for the Zinc Magnesium Aluminum Square Tube is negotiable.
- Q:** What are the packaging details for this product?  
**A:** The packaging details for the Zinc Magnesium Aluminum Square Tube are according to customer needs.
- Q:** How long does it take for delivery?  
**A:** The delivery time for the Zinc Magnesium Aluminum Square Tube is 15-30 work days.
- Q:** What are the payment terms for this product?  
**A:** The payment terms for the Zinc Magnesium Aluminum Square Tube are TT.
