

Corrosion Resistant Lightweight White Powder Coated Aluminum Square Tubing For Structural Systems

Our Product Introduction

for more products please visit us on galvmetal.com

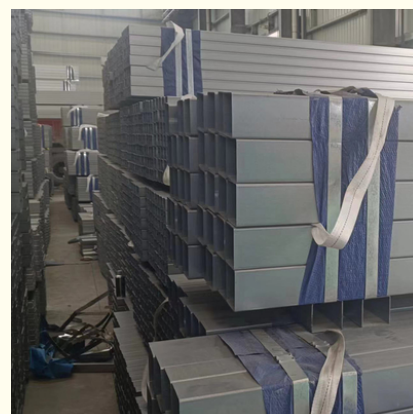

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Size: Customizable
- Surface Treatment: Zinc Magnesium Aluminum
- Shape: Square
- Material: Zinc, Magnesium, Aluminum
- Rustproof: Yes
- Heat Conductivity: High
- Weldability: Good
- Malleability: High
- Highlight: **lightweight white powder coated aluminum square tubing**
, lightweight white aluminum square tubing,
corrosion resistant white aluminum square tubing

Product Description

Product Description:

The Zinc Magnesium Aluminum Square Tubing is designed to withstand heavy loads and high pressures, making it a reliable choice for structural applications. Its high strength makes it ideal for use in construction projects, where it can be used for framing, support beams, and other load-bearing structures.

In addition to its strength, this square tube also boasts high heat conductivity, making it suitable for use in high-temperature applications. Its excellent heat dissipation properties make it perfect for use in heat exchangers, radiators, and other cooling systems.

The Zinc Magnesium Alloy Square Pipe is also easy to work with, making it a popular choice among engineers and fabricators. It can be easily cut, welded, and formed to suit any application. Its versatility and ease of use make it an ideal choice for a variety of projects.

Overall, the Zinc Magnesium Aluminum Square Tube is a reliable and durable choice for any application that requires high strength, rustproof, and high heat conductivity. Its combination of Zinc, Magnesium, and Aluminum make it a highly versatile and cost-effective option for a wide range of projects.

Technical Parameters:

Attribute	Value
Product Name	Mg Zn Al Square Pipe
Type	Alloy coated square tube
Shape	Square
Color	Silver
Lightweight	Yes
Material	Zinc, Magnesium, Aluminum
Strength	High
Rustproof	Yes
Corrosion Resistance	High
Malleability	High
Durable	Yes

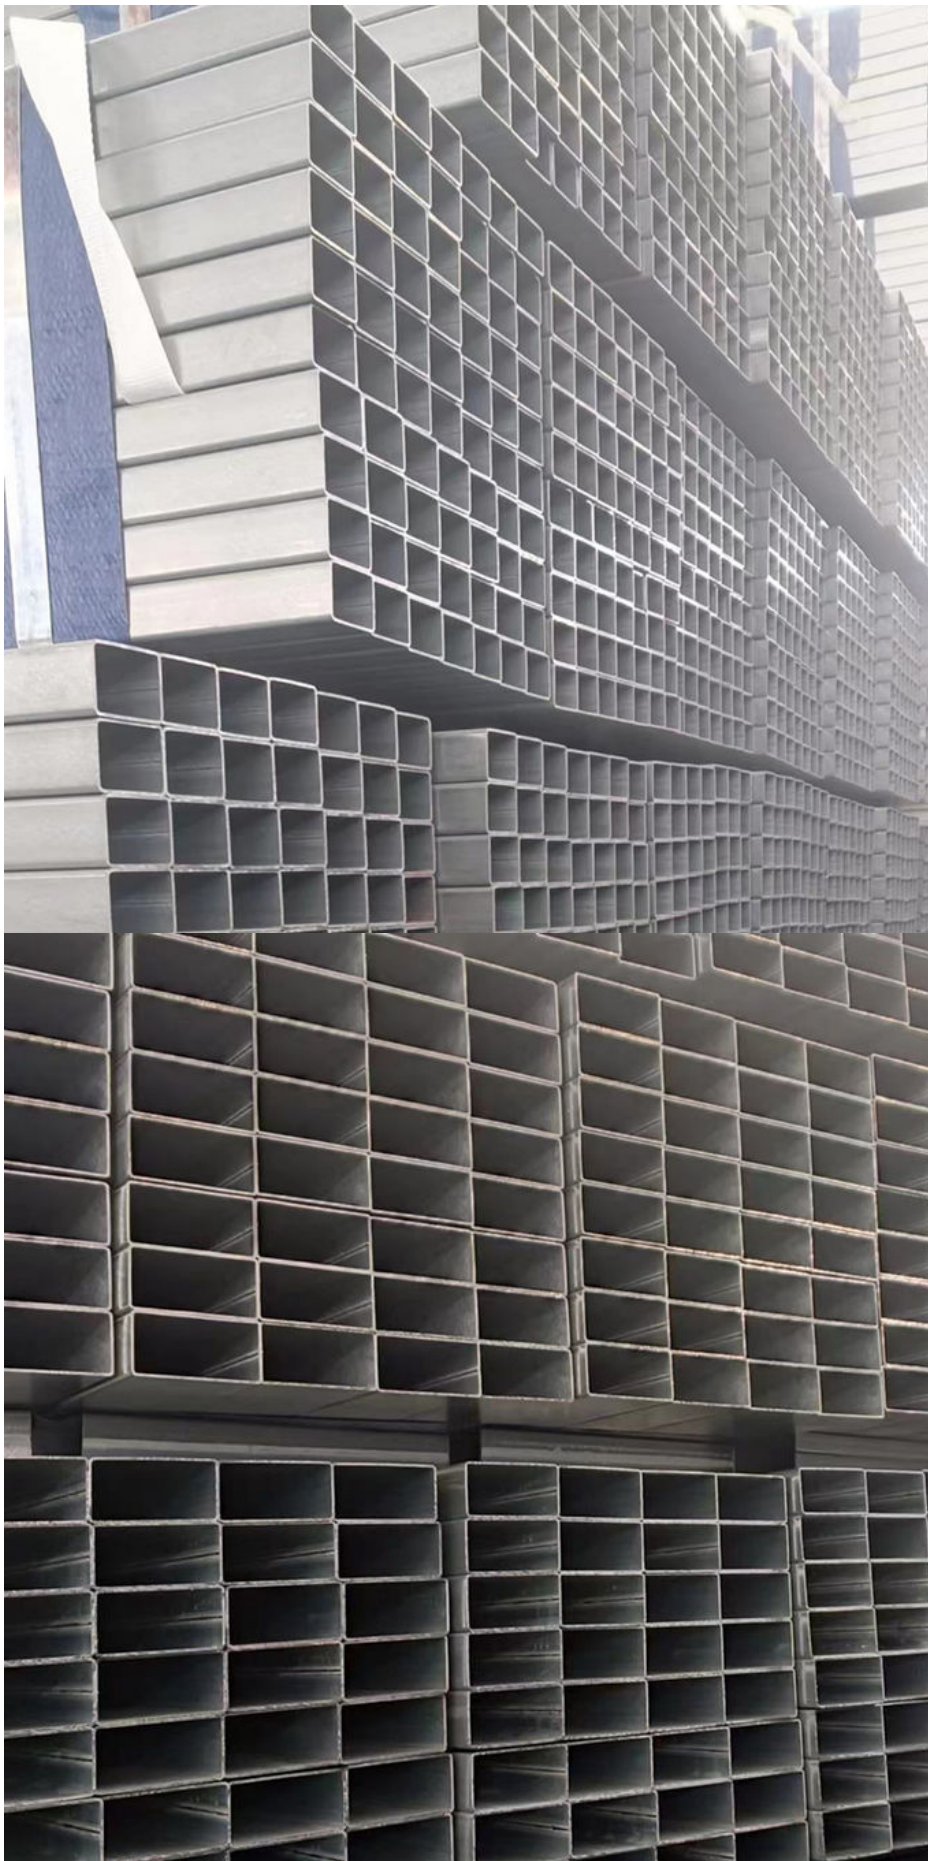

Applications:

Thanks to its surface treatment of Zinc Magnesium Aluminum, the square tube has high heat conductivity, making it ideal for use in heating and cooling systems. The Aluminum-Magnesium-Zinc Square Hollow Section is also highly customizable in terms of size, making it perfect for use in construction and manufacturing.

Whether you need to create a framework for a building or manufacture precision parts, the Zinc Magnesium Aluminum Square Tube is an excellent choice. It is highly malleable, allowing it to be easily shaped and formed into a variety of shapes and sizes.

Moreover, the Zinc aluminum magnesium strip steel is highly resistant to corrosion, making it suitable for use in harsh environments. It is also extremely strong and durable, making it ideal for use in heavy-duty applications.

So, whether you need a square tube for construction, manufacturing, or any other application, the Zinc Magnesium Aluminum Square Tube is the perfect choice. Order yours today and experience the difference!

Packing and Shipping:

Product Packaging:

Each tube is individually wrapped in plastic to prevent scratches and dents during transit.

All tubes are then securely packed in a cardboard box with padding to prevent any damage during shipping.

Shipping:

Orders will be processed within 1-2 business days and shipped via standard ground shipping.

Shipping times may vary depending on the destination, but typically take 3-5 business days for delivery.
Customers will receive a tracking number via email once their order has been shipped.

FAQ:

- Q1. What is the place of origin of the Zinc Magnesium Aluminum Square Tube product?
A1. The Zinc Magnesium Aluminum Square Tube product is manufactured in Hebei, China.
- Q2. Is the Zinc Magnesium Aluminum Square Tube product certified?
A2. Yes, the Zinc Magnesium Aluminum Square Tube product is certified with ISO9001.
- Q3. What is the minimum order quantity for the Zinc Magnesium Aluminum Square Tube product?
A3. The minimum order quantity for the Zinc Magnesium Aluminum Square Tube product is negotiable.
- Q4. What is the price of the Zinc Magnesium Aluminum Square Tube product?
A4. The price of the Zinc Magnesium Aluminum Square Tube product is negotiable.
- Q5. How is the Zinc Magnesium Aluminum Square Tube product packaged and delivered?
A5. The Zinc Magnesium Aluminum Square Tube product is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
