Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Diameter: Customization
- Surface Smoothness: Hot Dip Galvanizing
- Application: Construction INdustry
- Package: Steel Pallet Or As Per Customer's Request
- Oem Service: Available
- Load Capacity: 1.5-3 Tons
- Surface Treatment: Galvanized
- Usage: Supporting Scaffolding System
- Product Material: Q235 Q345 Q355
- Highlight: **galvanized steel shelf support,
galvanized scaffold support,
3 tons scaffold support**

Product Description

Product Description:

The Scaffolding Steel Post is a durable and reliable product that can withstand even the most challenging construction environments. It is designed to provide excellent support for structures such as walls, ceilings, and roofs. Our product is made of high-quality steel that is guaranteed to last long and provide optimal support.

Our product is available for OEM service, ensuring that we can meet the specific needs of your project. We provide customization options for the diameter of the Scaffolding Steel Post to fit the requirements of your project.

The Scaffolding Steel Support is a must-have in any construction site. It provides excellent support to structures while ensuring the safety of workers on site. Our product is easy to install, making it a convenient addition to your construction tools.

Investing in our Scaffolding Steel Post is a wise decision for any construction project. Our product is designed to meet your needs while ensuring the safety of your workers. With our customizable options, you can be sure that you will get the perfect fit for your project.

Technical Parameters:

Attribute	Description
Product Name	Building Steel Prop
Diameter	Customization
OEM Service	Available
Length	Customization
Features	High Strength, Easy To Install, Corrosion Resistant
Design Style	Industrial
Usage	Supporting Scaffolding System
Adjustable Height	0.5-1.8 Meters
Package	Steel Pallet Or As Per Customer's Request
Application	Construction Industry
Surface Treatment	Galvanized
Product Name	Construction Steel Bracket
Product Name	Building Steel Prop

Applications:

With a minimum order quantity that is negotiable, and a price that is also negotiable, the Scaffold Steel Support is an affordable option for any construction project. The packaging details can be customized according to customer needs, and the delivery time is typically 15-30 work days. Payment can be made via TT, and OEM service is available.

The Scaffold Steel Support is also easy to install, making it an excellent choice for projects that require a quick turnaround. Its corrosion-resistant properties make it ideal for use in outdoor environments, where it may be exposed to moisture or other harsh conditions.

Whether you are working on a large construction project or a small renovation, the Scaffold Steel Support is a product that can help you get the job done. Its customization length feature ensures that it can be tailored to fit the specific needs of your project, making it a versatile and flexible option.
