

## High Strength Hot Dip Galvanized Steel Scaffold Supports / Heavy Duty Adjustable Shoring Posts

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Features: High Strength, Easy To Install, Corrosion Resistant
- Surface Smoothness: Hot Dip Galvanizing
- Oem Service: Available
- Application: Construction INdustry
- Diameter: Customization
- Length: Customization
- Usage: Supporting Scaffolding System
- Package: Steel Pallet Or As Per Customer's Request
- Highlight: **galvanized adjustable steel shoring posts, galvanized heavy duty adjustable shoring posts , high strength adjustable steel shoring posts**

## Product Description

### Product Description:

The Scaffold Steel Support has a load capacity of 1.5-3 tons, making it suitable for supporting heavy structures. The load capacity of the Scaffold Steel Support is determined by its diameter and the thickness of the steel used. The diameter of the Scaffold Steel Support can be customized to meet the specific requirements of the construction project.

The design style of the Scaffold Steel Support is industrial, which makes it ideal for use in construction sites and other industrial applications. The industrial design of the Scaffold Steel Support ensures that it is strong, durable, and can withstand harsh conditions.

The Scaffold Steel Support is designed to last for many years, providing reliable support to the scaffolding system.

In conclusion, the Scaffold Steel Support is an essential component in the construction industry, providing reliable support to the scaffolding system. The Building Steel Prop is made of high-quality steel, has a load capacity of 1.5-3 tons, and is available in different sizes and diameters. The Scaffold Steel Support has an industrial design style, making it ideal for use in construction sites and other industrial applications. The Scaffold Steel Support is packaged in a steel pallet or as per customer's request, ensuring that it is delivered in good condition and ready for use.

### Technical Parameters:

Application	Construction Industry
Oem Service	Available
Diameter	Customization
Package	Steel Pallet Or As Per Customer's Request
Usage	Supporting Scaffolding System
Features	High Strength, Easy To Install, Corrosion Resistant
Surface smoothness	Hot Dip Galvanizing
Design Style	Industrial
Surface Treatment	Galvanized
Adjustable Height	0.5-1.8 Meters

### Applications:

There are various occasions and scenarios where Scaffold Steel Support can be applied. Firstly, it can be used as a support for building construction, renovation, and maintenance. The adjustable feature allows for easy customization to fit different building heights and shapes. Secondly, this product can also be used in outdoor events for stage setup and decoration. Its sturdy and durable build ensures the safety of performers and attendees.

Thirdly, the Scaffold Steel Support can be used in the film and entertainment industry for set construction. Its strength and stability provide a safe working environment for crew members and actors. Additionally, it can be used in the installation of large outdoor advertisements or billboards, ensuring they are securely fastened.

In summary, the Scaffold Steel Support is a versatile product that can be applied in various industries and occasions. Its adjustable height feature, galvanized surface treatment, and sturdy build make it a reliable option for construction, renovation, maintenance, outdoor events, film and entertainment, and advertisement installation.

### Packing and Shipping:

Product: Scaffold Steel Support

Description: This product is designed to provide support for scaffolding structures. It is made of high-quality steel that is durable and can withstand heavy loads.

Packaging: The Scaffold Steel Support comes in a sturdy cardboard box that ensures the product is well-protected during shipping and handling. The box is labeled with the product name and a picture of the product for easy identification.

Shipping: We offer free shipping for orders of 10 or more Scaffold Steel Supports within the continental US. For orders under 10, standard shipping rates apply. Orders are processed within 1-2 business days and shipped via UPS or FedEx. Tracking information will be provided via email once the order has been shipped.
