

Easy Adjustable Height Scaffold Steel Support Industrial Design Load Capacity 1.5-3 Tons

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Length: Customization
- Design Style: Industrial
- Application: Construction INdustry
- Package: Steel Pallet Or As Per Customer's Request
- Usage: Supporting Scaffolding System
- Load Capacity: 1.5-3 Tons
- Oem Service: Available
- Surface Smoothness: Hot Dip Galvanizing
- Product Material: Q235 Q345 Q355
- Highlight: **scaffold steel support industrial, adjustable height scaffold steel support, adjustable steel shoring posts**

Product Description

Product Description:

The Scaffold Steel Support is an essential part of your construction equipment, especially when you need to build structures that require a lot of support. It is perfect for propping up heavy loads, making sure that they are secure and stable. With this product, you won't have to worry about your scaffolding system collapsing and causing accidents.

Our Scaffold Steel Support is easy to use and install, saving you time and effort. It is also lightweight, making it easy to move around and adjust as needed. This product is perfect for construction workers, engineers, and architects who need a reliable and efficient support system for their scaffolding.

In summary, our Scaffold Steel Support is a must-have for anyone in the construction industry who needs a reliable and durable support system for their scaffolding. With its customizable diameter and length, hot-dip galvanizing surface smoothness, and easy installation, this product is perfect for propping up heavy loads and ensuring your safety while working on heights. Get your hands on our Scaffold Steel Support today and experience the difference it can make in your construction projects. Prop Scaffolding, Prop Scaffolding, Prop Scaffolding!

Technical Parameters:

Product Attribute	Value
Product Name	Building Steel Prop
Adjustable Height	0.5-1.8 Meters
Diameter	Customization
Surface smoothness	Hot Dip Galvanizing
Load Capacity	1.5-3 Tons
Features	High Strength, Easy To Install, Corrosion Resistant
Package	Steel Pallet Or As Per Customer's Request
Design Style	Industrial
Length	Customization
Usage	Supporting Scaffolding System
Surface Treatment	Galvanized

Applications:

Our Scaffold Steel Support product is easy to install, making it a popular choice for contractors who need a quick and efficient solution to their scaffolding needs. It is also corrosion-resistant, ensuring long-lasting use even in harsh conditions. With a load capacity of 1.5-3 tons, you can trust our Prop Scaffolding to hold up even the heaviest loads.

Our Scaffold Steel Support product is customizable in length, so you can get the exact size you need for your project. And with a galvanized surface treatment, you can be sure that your Scaffold Steel Support product will be protected against rust and other forms of corrosion.

Order your Scaffold Steel Support product today and experience the ease and convenience of high-quality Prop Scaffolding!

Package: Steel pallet or as per customer's request.

Packing and Shipping:

Product Packaging:

Each unit will be packaged in a sturdy cardboard box.

The box will be labeled clearly with the product name, quantity, and any necessary safety information.

Multiple units may be packaged together in a larger box for shipping efficiency.

Shipping:

Shipping will be arranged by the seller using a reputable courier service.

Shipping costs will be calculated based on the destination and weight of the package(s).

Customers will receive a tracking number and estimated delivery date once the package has been shipped.

FAQ:

Q: What is the place of origin of the Scaffold Steel Support product?

A: The Scaffold Steel Support product is made in Hebei, China.

Q: Is the Scaffold Steel Support product certified?

A: Yes, the Scaffold Steel Support product is certified with ISO9001.

Q: What is the minimum order quantity for the Scaffold Steel Support product?

A: The minimum order quantity for the Scaffold Steel Support product is negotiable.

Q: What is the price of the Scaffold Steel Support product?

A: The price of the Scaffold Steel Support product is negotiable.

Q: How is the Scaffold Steel Support product packaged?

A: The Scaffold Steel Support product is packaged according to customer needs.

Q: What is the delivery time for the Scaffold Steel Support product?

A: The delivery time for the Scaffold Steel Support product is 15-30 work days.

Q: What are the payment terms for the Scaffold Steel Support product?

A: The payment terms for the Scaffold Steel Support product are TT.
