

400mm Wide Rectangular Cable Tray for Wall or Ceiling Mount

Our Product Introduction

for more products please visit us on galvmetal.com

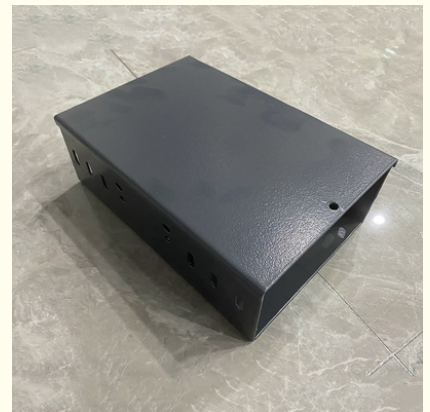

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Features: Insulation, Heat Dissipation, And Fire Prevention
- Durability: Long-lasting
- Installation Method: Wall-mounted Or Ceiling-mounted
- Oem: Available
- Raw Material: Steel
- Trade Type: Manufacture And Export
- Shape: Rectangular
- Width: 400mm Customization
- Highlight: **rectangular cable tray, 400mm cable tray, 400mm cable channel tray**

Product Description

Product Description:

The Cable Raceway Tray is made from high-quality steel, ensuring its long-lasting durability and ability to withstand the harsh conditions of industrial environments. The use of steel also makes this tray resistant to corrosion and other forms of damage, ensuring that it will maintain its structural integrity for years to come.

Whether you need to run power and communication cables, fiber optic cables, or any other type of wiring, the Cable Tray is the ideal solution. Its design allows for easy installation and maintenance, making it an ideal choice for both new construction and retrofit projects. Overall, the Cable Tray is an essential component of any Cable Management System, providing a safe and secure way to route cables and wires while protecting them from damage. Whether you're looking to upgrade your existing system or install a new one, this product is a must-have for any industrial or commercial facility.

Features:

Cable Tray is a key component of any Cable Management System. It is designed to provide a safe and efficient way to manage cables and wires for both indoor and outdoor applications. The Wireway Support System is made of high-quality steel that is both durable and lightweight, making it easy to install and maintain. With an Integrated Channel Type design, the Cable Tray can be configured to meet the specific needs of any project. OEM options are also available to ensure that the Cable Tray meets your exact requirements.

Technical Parameters:

Product Attribute	Specification
Product Type	Integrated Channel Type
Trade Type	Manufacture And Export
Thickness	2.0mm
Material	Steel
Width	400mm, Customization
Length	2-3m
Installation Method	Wall-mounted Or Ceiling-mounted
Durability	Long-lasting
Fire Resistance	Good
OEM	Available

Applications:

The Cable Raceway Tray is a lightweight Wireway Support System that can hold large quantities of cables. It is designed to provide efficient cable management solutions that can help organize and protect electrical wiring systems. This product is available in a rectangular shape that makes it easy to install and maintain. It is also customizable and can be tailored to fit your specific needs and requirements.

Our Cable Tray product is a versatile Wireway Support System that can be used in different applications and scenarios. It is commonly used in commercial and industrial buildings, where there is a need for safe and efficient cable management systems. It is also suitable for data centers, hospitals, schools, and other facilities that require a reliable and durable cable support system.

Our Cable Tray product is equipped with features such as insulation, heat dissipation, and fire prevention. These features make it a safe and secure option for organizing and protecting electrical wiring systems. Its excellent fire resistance guarantees the safety and protection of your electrical systems in case of fire.

In conclusion, our Cable Tray product is an excellent Wireway Support System that is a perfect solution for various cable management needs. It is made of high-quality steel materials that guarantee its durability and reliability. Its lightweight and customizable design make it easy to install and maintain. It is also equipped with features such as insulation, heat dissipation, and fire prevention, ensuring the safety and protection of your electrical systems. Order now and experience a reliable and efficient cable management solution!

Packing and Shipping:

Product Packaging:

The cable trays will be packed in sturdy cardboard boxes to ensure safe transportation.

The boxes will be labeled with the product name, description, and quantity.

Inside the boxes, the cable trays will be wrapped in protective material to prevent any damage during shipping.

Shipping:

We offer shipping to all locations within the United States.

Shipping costs will be calculated based on the weight and dimensions of the order.

Orders will be shipped within 1-2 business days of payment confirmation.

Customers will receive a tracking number via email once the order has been shipped.

FAQ:

Q: What is the Cable Tray made of?

A: The Cable Tray is made of high-quality steel materials.

Q: Where is the Cable Tray manufactured?

A: The Cable Tray is manufactured in Hebei, China.

Q: Does the Cable Tray come with any certifications?

A: Yes, the Cable Tray is certified with ISO9001.

Q: What is the minimum order quantity for the Cable Tray?

A: The minimum order quantity for the Cable Tray is negotiable.

Q: What is the price of the Cable Tray?

A: The price of the Cable Tray is negotiable depending on the order quantity and other factors.

Q: How is the Cable Tray packaged for delivery?

A: The Cable Tray is packaged according to customer needs.

Q: What is the delivery time for the Cable Tray?

A: The delivery time for the Cable Tray is 15-30 work days.

Q: What are the payment terms for the Cable Tray?

A: The payment terms for the Cable Tray are TT.
