

Lightweight Steel Cable Tray With Good Fire Resistance And Integrated Channel Type

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Width: 400mm Customization
- Material: Steel
- Trade Type: Manufacture And Export
- Weight: Lightweight
- Shape: Rectangular
- Fire Resistance: Good
- Thickness: 2.0mm
- Product Type: Integrated Channel Type
- Highlight: **lightweight steel cable tray ,
lightweight metal cable tray ,
fire resistance metal cable tray**

Product Description

Product Description:

The Cable Raceway Tray is made from high-grade steel, which ensures its durability and longevity. Its lightweight design makes it easy to transport and install, while still being able to support heavy loads. This product is perfect for any commercial or industrial setting, where cable management is crucial.

Our Cable Raceway Tray is an integrated channel type product that provides easy access to cables, allowing for quick and easy installation and maintenance. It is perfect for organizing and protecting cables in data centers, server rooms, and other areas where cable management is important.

The Cable Raceway Tray is an ideal solution for anyone looking for a cost-effective and efficient cable management system. Its lightweight design and easy installation make it an ideal choice for any commercial or industrial setting. The product is designed to provide superior cable protection and management while ensuring a neat and organized workspace.

In summary, our Cable Raceway Tray is a high-quality cable management system that is easy to install, durable, lightweight, fire-resistant, and perfect for any commercial or industrial setting. Its integrated channel type design provides easy access to cables, allowing for quick and easy installation and maintenance. This product is perfect for organizing and protecting cables in data centers, server rooms, and other areas where cable management is important. Choose our Cable Raceway Tray for a superior cable management solution that will keep your workspace safe and organized.
