

## Integrated Channel Type Metal Cable Tray With Good Fire Resistance

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Width: 400mm Customization
- Durability: Long-lasting
- Fire Resistance: Good
- Length: 2-3m
- Raw Material: Steel
- Thickness: 2.0mm
- Trade Type: Manufacture And Export
- Installation Method: Wall-mounted Or Ceiling-mounted
- Highlight: **channel type metal cable tray ,  
integrated channel metal cable tray ,  
integrated channel steel cable tray**

## Product Description

### Product Description:

One of the key features of our Cable Raceway Tray is its excellent fire resistance. With a rating of "Good" for fire resistance, it provides an added layer of protection for your cables and helps prevent damage in the event of a fire. This makes it an ideal choice for use in areas where fire prevention is a top priority.

Our Cable Raceway Tray is also designed to be long-lasting and durable. With a thickness of 2.0mm, it can withstand the weight of heavy cables and provide reliable support over time. Plus, it is customizable in width, with a standard width of 400mm, so you can choose the size that best fits your needs.

Whether you are looking for a Cable Support Channel for a new installation or need to replace an existing cable tray, our Cable Raceway Tray is the perfect choice. Its insulation, heat dissipation, and fire prevention features make it an ideal choice for a variety of settings, and its long-lasting durability ensures that it will provide reliable support for years to come.

### Technical Parameters:

Product Name:	Cable Bridge Tray
Trade Type:	Manufacture And Export
Thickness:	2.0mm
OEM:	Available
Width:	400mm, Customization
Installation Method:	Wall-mounted Or Ceiling-mounted
Fire Resistance:	Good
Shape:	Rectangular
Raw Material:	Steel
Features:	Insulation, Heat Dissipation, And Fire Prevention
Cable Management System:	Cable Management System

### Applications:

The Cable Tray is commonly used in different occasions and scenarios, some of which include:

**Industrial Buildings:** The Cable Support Channel is suitable for cable management in industrial buildings such as factories, warehouses, and power plants, where cables and wires need to be organized and protected from damage.

**Commercial Buildings:** In commercial buildings such as shopping malls, hotels, and office buildings, the Cable Support Channel is used to manage cables and wires for electrical and data systems, ensuring a clean and organized appearance.

**Outdoor Installations:** The Cable Tray is also suitable for outdoor installations such as bridges, tunnels, and airports, where cables and wires need to be protected from weather conditions and other external factors.

**Data Centers:** In data centers, the Cable Support Channel is used to manage cables and wires for servers, routers, and switches, ensuring efficient and reliable connectivity.

### **Packing and Shipping:**

#### **Product Packaging:**

The cable tray product will be securely packaged in a sturdy cardboard box.

The box will be labeled with the product name and quantity.

The cable tray will be wrapped in bubble wrap or foam to prevent any damage during transportation.

#### **Shipping:**

The cable tray product will be shipped via a reputable courier service.

The shipping cost will be calculated based on the weight and destination of the package.  
The estimated delivery time will be provided to the customer upon placing their order.  
The customer will receive a tracking number to track the status of their shipment.

---

### FAQ:

**Q:** Where is the Cable Tray product made?

**A:** The Cable Tray product is made in Hebei, China.

**Q:** Does the Cable Tray product have any certification?

**A:** Yes, it has ISO9001 certification.

**Q:** What is the minimum order quantity for the Cable Tray product?

**A:** The minimum order quantity is negotiable.

**Q:** What is the price of the Cable Tray product?

**A:** The price is negotiable.

**Q:** How is the Cable Tray product packaged and delivered?

**A:** The product is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
