

Hot Dip Galvanized Hollow Square Pipe Section Custom Length For Easy Installation And Maintenance

Our Product Introduction

for more products please visit us on galvmetal.com

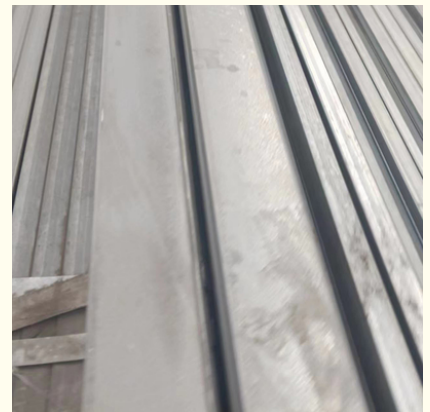

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Usage: Construction, Machinery, Greenhouse, Fence, Etc.
- Processing Services: Bending, Welding, Punching, Cutting
- Technology: Hot Rolled/cold Rolled
- Thickness: Customization
- Length: Customization
- Size: Customization
- Zinc Coating: 40-275g/m2
- Surface: Petals, Small Flowers, Regular Flowers, Large Flowers
- Highlight: **hollow square pipe section,
hollow square pipe galvanized,
section square pipe galvanized**

Product Description

Product Description:

The Galvanized Square Rectangular Pipe is made from galvanized steel, which is known for its excellent corrosion resistance. This material is perfect for use in harsh environments where other materials may fail. The cold-rolled galvanized square pipe is strong and durable, making it perfect for use in construction projects. The rectangular steel tube is designed to provide maximum strength and durability while also being lightweight and easy to handle.

The Galvanized Square Rectangular Pipe is available in a range of surface finishes, including Petals, Small Flowers, Regular Flowers, and Large Flowers. This allows customers to choose the surface finish that best suits their needs. The product is also available in custom lengths, which allows customers to order the exact length they need for their project.

The Galvanized Square Rectangular Pipe is packed according to customer specifications. This means that customers can choose the packaging that best suits their needs. The product is designed to be easy to transport and handle, which makes it perfect for use in a variety of industries.

Technical Parameters:

Zinc Coating	40-275g/m2
Surface Treatment	Galvanized, Pre-galvanized, Hot-dipped Galvanized
Shape	Rectangle
Size	Customization
Technology	Hot Rolled/cold Rolled
Surface	Petals, Small Flowers, Regular Flowers, Large Flowers
Material	Galvanized Steel
Packing	Customization
Processing services	Bending, Welding, Punching, Cutting
Usage	Construction, Machinery, Greenhouse, Fence, Etc.

Applications:

The size of the Galvanized Square Rectangular Pipe can be customized to fit the specific needs of the customer. Due to its versatile nature, it can be used for various applications in the construction, machinery, greenhouse, and fence industries, among others.

The surface treatment of the Galvanized Square Rectangular Pipe can be either galvanized, pre-galvanized, or hot-dipped galvanized, providing an extra layer of protection from environmental elements. The length of the pipe is also customizable to meet the customer's requirements.

The technology used in the production of the Galvanized Square Rectangular Pipe is hot rolled/cold rolled, ensuring that the product is of high quality and durability.

Some of the product application occasions and scenarios for the Galvanized Square Rectangular Pipe include:

Hot-dip Galvanized Hollow Section: The Galvanized Square Rectangular Pipe can be used to create hollow sections that are ideal for structural applications in buildings and other constructions.

Zinc-coated Square Pipe: The Galvanized Square Rectangular Pipe can be used to create square pipes that are zinc-coated, providing protection against corrosion and other environmental factors.

Rectangular Galvanized Pipe: The Galvanized Square Rectangular Pipe can be used to create rectangular pipes that are galvanized, providing an extra layer of protection.

Packing and Shipping:

Product Packaging:

The Galvanized Square Rectangular Pipe will be packaged in bundles or as per customer's requirements.

Shipping:

The product will be shipped via standard container or bulk carrier. Shipping terms will be negotiated with the customer.

FAQ:

Q: What is the Place of Origin for the Galvanized Square Rectangular Pipe?

A: The Galvanized Square Rectangular Pipe is manufactured in Hebei, China.

Q: Does the Galvanized Square Rectangular Pipe come with any certification?

A: Yes, the Galvanized Square Rectangular Pipe is certified with ISO9001.

Q: What is the minimum order quantity for the Galvanized Square Rectangular Pipe?

A: The minimum order quantity for the Galvanized Square Rectangular Pipe is negotiable.

Q: What is the price of the Galvanized Square Rectangular Pipe?

A: The price of the Galvanized Square Rectangular Pipe is negotiable.

Q: How is the Galvanized Square Rectangular Pipe packaged and delivered?

A: The Galvanized Square Rectangular Pipe is packaged according to customer needs and delivered within 15-30 work days. Payment terms are TT.
