

Zinc Coated Square Rectangular Pipe Customized For Hot Dipped Galvanizing

Our Product Introduction

for more products please visit us on galvmetal.com

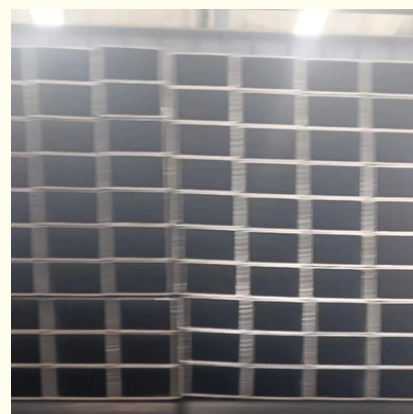

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Length: Customization
- Size: Customization
- Usage: Construction, Machinery, Greenhouse, Fence, Etc.
- Shape: Rectangle
- Thickness: Customization
- Material: Galvanized Steel
- Packing: Customization
- Technology: Hot Rolled/cold Rolled
- Highlight: **square rectangular pipe customized, zinc coated square rectangular pipe, customized rectangular square pipe**

Product Description

Product Description:

Our Galvanized Square Tube is made using the latest technology of hot rolled/cold rolled and galvanization processes, which ensures that you get a product that is of high quality and durable. This tube is coated with a layer of zinc, which makes it highly resistant to corrosion and rust. The galvanization process also makes it resistant to harsh weather conditions, making it ideal for outdoor applications. The Cold rolled galvanized square pipe is a versatile product that can be used in various applications such as construction, roofing, fencing, and other industrial applications. The rectangular shape allows for easy fabrication, which makes it an ideal choice for manufacturers who require a product that can be easily customized to meet their specific needs. Our Hot-dip Galvanized Hollow Section is available in different thicknesses, lengths, and sizes, making it easy to find the perfect one to suit your needs. We also offer customization options for packing, ensuring that you receive your product in the best condition possible. This allows you to receive your product with the assurance that it is of high quality and will meet your specific needs.

Technical Parameters:

Processing services	Bending, Welding, Punching, Cutting
Application	Tube Structure
Zinc Coating	40-275g/m2
Thickness	Customization
Material	Galvanized Steel
Packing	Customization
Technology	Hot Rolled/cold Rolled
Size	Customization
Usage	Construction, Machinery, Greenhouse, Fence, Etc.
Length	Customization

Applications:

The technology used for this product is either Hot Rolled or Cold Rolled, and the length can be customized to meet the specific needs of the customer. The Galvanized Square Rectangular Pipe is made from high-quality Galvanized Steel, which gives it excellent durability and corrosion resistance. The Zinc-coated Square Pipe is perfect for outdoor applications where it will be exposed to the elements. The Galvanized Square Rectangular Pipe is most commonly used in Tube Structure applications. The Hot-dip Galvanized Hollow Section is an ideal choice for constructing buildings, bridges, and other structures that require high strength and durability. It is also used in the construction of fences, gates, and railings.

Packing and Shipping:

Product: Galvanized Square Rectangular Pipe

Dimensions: Varies based on customer request

Material: Galvanized steel

Packaging: The pipes will be bundled together securely with steel straps and wrapped in plastic to protect against moisture and damage during shipping.

Shipping: The pipes will be shipped via freight carrier and the customer will be responsible for unloading the shipment upon arrival.

Delivery time will vary based on the customer's location and any potential shipping delays.

FAQ:

A: The Galvanized Square Rectangular Pipe is manufactured in Hebei, China.

2. Q: Is the Galvanized Square Rectangular Pipe certified?

A: Yes, the Galvanized Square Rectangular Pipe is certified with ISO9001.

3. Q: What is the minimum order quantity for the Galvanized Square Rectangular Pipe?

A: The minimum order quantity for the Galvanized Square Rectangular Pipe is negotiable.

4. Q: What is the price of the Galvanized Square Rectangular Pipe?

A: The price of the Galvanized Square Rectangular Pipe is negotiable based on quantity and other specifications.

5. Q: How long is the delivery time for the Galvanized Square Rectangular Pipe?

A: The delivery time for the Galvanized Square Rectangular Pipe is 15-30 work days.

6. Q: What are the payment terms for the Galvanized Square Rectangular Pipe?

A: The payment terms for the Galvanized Square Rectangular Pipe are TT (Telegraphic Transfer).

7. Q: What are the packaging details for the Galvanized Square Rectangular Pipe?

A: The packaging details for the Galvanized Square Rectangular Pipe are according to customer needs.
