

Custom Length Cold Rolled Galvanized Square Pipe for Rectangle Construction Materials

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Length: Customization
- Application: Tube Structure
- Processing Services: Bending, Welding, Punching, Cutting
- Surface Treatment: Galvanized, Pre-galvanized, Hot-dipped Galvanized
- Usage: Construction, Machinery, Greenhouse, Fence, Etc.
- Shape: Rectangle
- Technology: Hot Rolled/cold Rolled
- Size: Customization
- Highlight: cold rolled galvanized square pipe, construction galvanized square pipe, construction square pipe galvanized

Product Description

Product Description:

This pipe is made using the latest hot rolled/cold rolled technology, ensuring that it is strong, durable, and long-lasting. The cold rolled galvanized square pipe has a zinc-coated finish that protects it from rust and corrosion, making it an excellent choice for outdoor applications where it will be exposed to the elements.

The Galvanized Square Rectangular Pipe is available in a range of sizes and can be customized to meet your specific requirements. It is also available with a range of processing services, including bending, welding, punching, and cutting, making it easy to work with and customize to your needs.

When it comes to packing, the Galvanized Square Rectangular Pipe can be customized to meet your specific needs. Whether you need it packed in bundles, wrapped in plastic, or placed in crates, we can ensure that your product is delivered to you in the best possible condition.

In summary, the Galvanized Square Rectangular Pipe is a versatile, durable, and reliable product that is ideal for a range of applications. Its cold rolled galvanized square pipe construction ensures that it is strong and long-lasting, while its zinc-coated finish protects it from rust and corrosion. With a range of sizes and processing services available, it is easy to customize to your specific needs, making it an excellent choice for any project.

Technical Parameters:

Surface Treatment	Galvanized, Pre-galvanized, Hot-dipped Galvanized
Processing Services	Bending, Welding, Punching, Cutting
Packing	Customization
Zinc Coating	40-275g/m2
Surface	Petals, Small Flowers, Regular Flowers, Large Flowers
Shape	Rectangle
Application	Tube Structure
Material	Galvanized Steel
Technology	Hot Rolled/cold Rolled
Thickness	Customization

Applications:

The Galvanized Square Rectangular Pipe comes with different surface treatments including galvanized, pre-galvanized, and hot-dipped galvanized. The surface can also come in petals, small flowers, regular flowers, and large flowers. The length is customizable to fit the customer's needs. The zinc coating is between 40-275g/m2, which provides excellent corrosion resistance.

The hot-dip galvanized hollow section is suitable for construction, machinery manufacturing, steel construction projects, shipbuilding, solar power support, steel structure engineering, power engineering, power plant, agricultural and chemical machinery, glass curtain wall, automobile chassis, airport, etc.

The cold rolled galvanized square pipe is suitable for construction, machinery manufacturing, steel construction projects, shipbuilding, solar power support, steel structure engineering, power engineering, power plant, agricultural and chemical machinery, glass curtain wall, automobile chassis, airport, etc.

Packing and Shipping:

Product Packaging:

Galvanized Square Rectangular Pipes are carefully packed in bundles with steel strips and shipped in containers or in bulk.

Shipping:

Our company offers various shipping options including air, sea, and land transportation. We ensure that the products are delivered safely and on time to the desired location.

FAQ:

Q: What is the place of origin for Galvanized Square Rectangular Pipe?

A: The place of origin for Galvanized Square Rectangular Pipe is Hebei, China.

Q: Is this product certified?

A: Yes, this product is certified with ISO9001.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity is negotiable.

Q: What is the price for this product?

A: The price is negotiable.

Q: How is the product packaged and what is the delivery time?

A: The product is packaged according to customer needs and the delivery time is 15-30 work days.

Q: What are the payment terms for this product?

A: The payment terms are TT.
