

## Hot Dip Zinc Coated Round Steel Bar For Building Material Efficiency Carbon Steel Bar

### Our Product Introduction

for more products please visit us on [galvmetal.com](http://galvmetal.com)

#### Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

#### Product Specification

- Diameter: Customization
- Material Characteristics: Corrosion Resistance, High Temperature And Low Temperature
- Shape: Round
- Type: Carbon Steel Bar
- Grade: Coil
- Material: Q235
- Technique: Hot Rolled
- Highlight: **zinc coated round steel bar ,  
building round steel bar ,  
building carbon steel bar**

## Product Description

### Product Description:

Our Hot Rolled technique ensures that this round bar is strong and reliable, making it an ideal choice for heavy-duty applications. Additionally, the Hot Rolled technique results in a smooth surface finish that gives this round bar a bright surface, making it an attractive choice for decorative applications as well as functional ones.

The Solid Galvanized Round Steel Bar is coated with a Hot-dip Zinc finish, which offers superior protection against rust and corrosion. This coating ensures that this round bar will last for years, making it a cost-effective choice for your project.

Our Galvanized Round Steel Bar is available in a range of specifications, from 8mm-360mm, making it suitable for a variety of applications. Additionally, we offer customization options for length, so you can get the perfect size for your project.

### Technical Parameters:

Shape	Round
Packing	In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
Technique	Hot Rolled
Application	Building Materials, Building
Surface Treatment	Galvanized
Type	Carbon Steel Bar
Material characteristics	Corrosion Resistance, High Temperature And Low Temperature
Diameter	Customization
Grade	Coil
Length	Customization

### Applications:

Our Solid Galvanized Round Steel Bar is widely used in building materials and building construction. Its galvanized surface treatment ensures long-lasting protection against corrosion and rust. The zinc coating ranges from 200g/m<sup>2</sup> to 600g/m<sup>2</sup>, providing excellent corrosion resistance. It is made of high-quality Hot Dip Galvanizing steel grade, which makes it strong and durable.

Our Galvanized Round Steel Bars are commonly used in the construction industry for various applications such as structural support, reinforcing concrete, and fencing. Its durability and corrosion resistance make it an ideal material for outdoor use.

The Galvanized Round Steel Bars come in bundles and can be packed in waterproof plastic bags, woven bags, or as per the customer's requirements. The product application occasions and scenarios include construction sites, warehouses, factories, and residential areas.

Overall, our Hot-dip Zinc Coated Round Steel, Galvanized Circular Steel, and Solid Galvanized Round Steel Bar are reliable and high-quality products that are ideal for construction and building projects. Contact us today to place your order and receive a quote!

### Packing and Shipping:

Product: Galvanized Round Steel Bar

Dimensions: 1/2" diameter, 10 feet length

Material: Steel

Finish: Galvanized

Packaging: The Galvanized Round Steel Bar will be packaged securely with a plastic wrap and then placed in a cardboard box for shipping.

Shipping: The Galvanized Round Steel Bar will be shipped via a freight carrier and should arrive within 5-7 business days.

---

### FAQ:

**Q1: What is the place of origin for Galvanized Round Steel Bar?**

A1: The Galvanized Round Steel Bar is produced in Hebei, China.

**Q2: Is the Galvanized Round Steel Bar certified?**

A2: Yes, it is certified with ISO9001.

**Q3: What is the minimum order quantity for the Galvanized Round Steel Bar?**

A3: The minimum order quantity for the Galvanized Round Steel Bar is negotiable.

**Q4: What are the packaging details for the Galvanized Round Steel Bar?**

A4: The packaging details for the Galvanized Round Steel Bar are according to customer needs.

**Q5: What are the payment terms for the Galvanized Round Steel Bar?**

A5: The payment terms for the Galvanized Round Steel Bar is TT (Telegraphic Transfer).

**Q6: What is the delivery time for the Galvanized Round Steel Bar?**

A6: The delivery time for the Galvanized Round Steel Bar is 15-30 work days.

**Q7: Can the price for the Galvanized Round Steel Bar be negotiated?**

A7: Yes, the price for the Galvanized Round Steel Bar is negotiable.
