

Customization Lengthgalvanised Round Bar Hot Rolled Corrosion Resistance Material

Our Product Introduction

for more products please visit us on galvmetal.com

Basic Information

- Place of Origin: Hebei, China
- Certification: ISO9001
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: According to customer needs
- Delivery Time: 15-30 work days
- Payment Terms: TT

Product Specification

- Type: Carbon Steel Bar
- Material Characteristics: Corrosion Resistance, High Temperature And Low Temperature
- Packing: In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
- Material: Steel
- Surface Finish: Bright Surface
- Diameter: Customization
- Application: Building Materials, Building
- Technique: Hot Rolled
- Highlight: hot rolled galvanized round bar ,
hot rolled galvanized round steel bar ,
corrosion resistance galvanized round bar

Product Description

Product Description:

The zinc coating provides excellent corrosion resistance, making this Galvanized Circular Steel a durable and long-lasting option. The material characteristics ensure that this product can withstand both high and low temperatures, making it suitable for use in a variety of environments.

The surface finish of this Galvanized Circular Steel is bright and clean, providing a professional look and feel. The coil grade of this product ensures that it is easy to work with and can be cut to the desired length with ease.

Our Galvanized Circular Steel product is ideal for use in construction, manufacturing, and other industrial applications. The high-quality Q235 material and zinc coating ensure that this product is both strong and durable, providing long-lasting performance.

Technical Parameters:

Material Characteristics	Corrosion Resistance, High Temperature And Low Temperature
Specifications	8mm-360mm
Packing	In Bundles, Waterproof Plastic Bag, Woven Bag, Etc.
Surface Treatment	Galvanized
Steel Grade	Hot Dip Galvanizing
Surface Finish	Bright Surface
Diameter	Customization
Material	Steel
Grade	Coil
Zinc Coating	200g/m2 - 600g/m2

Applications:

The Galvanized Round Steel Bar is suitable for a variety of application occasions and scenarios. It is often used in construction projects to build strong and stable structures, such as bridges, buildings, and towers. It can also be used for the fabrication of fences and gates, as well as for the production of outdoor furniture and decorative items.

The product's galvanized surface treatment makes it resistant to corrosion and increases its lifespan. The bright surface finish also makes it visually appealing and suitable for decorative purposes. The minimum order quantity for this product is negotiable, and the price varies depending on the quantity ordered.

The Galvanized Round Steel Bar is delivered according to customer needs, with packaging details tailored to meet individual requirements. The delivery time for this product is estimated at 15-30 work days, and payment terms are TT.

Packing and Shipping:

Product Packaging:

The Galvanized Round Steel Bar will be packaged securely in bundles with steel straps and covered with plastic bags to protect against rust and moisture during transportation and storage.

Shipping:

The product will be shipped via truck or container depending on the order quantity and destination. Shipping costs will be calculated based on the distance, weight, and delivery time requested by the customer. We work with reliable freight carriers to ensure timely and safe delivery of our products.

FAQ:

Q: What is the place of origin for the Galvanized Round Steel Bar?

A: The Galvanized Round Steel Bar is made in Hebei, China.

Q: Does the Galvanized Round Steel Bar have any certifications?

A: Yes, the Galvanized Round Steel Bar has ISO9001 certification.

Q: Is there a minimum order quantity for the Galvanized Round Steel Bar?

A: Yes, there is a minimum order quantity for the Galvanized Round Steel Bar, but it is negotiable.

Q: What is the price of the Galvanized Round Steel Bar?

A: The price of the Galvanized Round Steel Bar is negotiable.

Q: How is the Galvanized Round Steel Bar packaged and delivered?

A: The Galvanized Round Steel Bar is packaged according to customer needs and is delivered within 15-30 work days. Payment terms are TT.
